TENNESSEE WILL RECONSIDER VOTE ON EQUAL SUFFRAGE

Forty Seven Sign Pledge to Vote for Reconsideration

LETTER FROM GOV. COX READ

NASHVILLE, Tenn., Aug. 19. Forty-seven members of the Tennessee lower house have already signed a pledge to vote to reconsider ratification of the woman suffrage amendment, Speaker Walker said tonight at a mass meeting called by those opposed to woman suffrage. Others will sign the pledge tonight and tomorrow, he said, declaring that the ratification vote will be reconsidered.

Mr. Walker was leader of the anti-suffrage forces in the house and changed his vote to "aye" in order to move for reconsideration.

Failure of anti-suffrage leaders today to attempt to force the lower house to reconsider its action of yesterday was overshadowed in interest by the launching of a county grand jury investigation into charges that improper influences had been brought to bear on members of the legislature.

Publication by local newspapers of two affidavits attributed to C. C. Wallace, judge of the city court of Lewisburg, Tenn., and Ennis E. Murray, of Nashville, general agent for the federal land bank of Louisville, Ky., alleging that an attempt had been made by a suffrage leader to bribe representative Harry T. Burns, Republican of McMinn county also was a feature of the day's developments.

Grand Jury Investigates

The grand jury charged by Judge J. D. B. Debow, of the Davidson county criminal court summoned J. T. Eichelberger, of Washington, D. C., a publicity man in charge of headquarters here of the anti-ratification forces. Mr. Eichelberger was before the jury two hours and it was said, additional witnesses probably would appear tomorrow. Judge Debow's charge was directed at alleged special interests which it has been charged, have representatives here working against ratification.

The court instructed the jury to return indictments immediately if an investigation showed that laws had been violated.

by county alleged in the affidavit ing with the suffrage opponents on both roll calls on a motion to table the ratification and a few minutes later cast his vote for the amendment. The affidavits charged that he was approached during the interval between the vote on the motion to table and the vote to concur with the senate.

Alleges Bribing

Representative Hanover of Shelbycounty, alleged in the affidavit attributed to Murray as having told Burn that if he would vote in favor of ratification he would be given "anything in the world he wanted" and that "it would be worth $10,000 to him" characterized the charge as "no more than a clumsy effort to blackmail or embarrass friends and supporters of the rights of our women."

The house adjourned at noon, until tomorrow morning without reference to suffrage.

A motion to reconsider was regarded as certain tonight and there was no let up on the part of the leaders of the opposing forces to keep their men in line.

Letter from Gov. Cox Read

At the mass meeting tonight which was attended by more than four thousand persons a hitherto unpublished letter from Governor Cox under date of August 10 to Giles L. Evans of Fayetteville, Tenn., president of the Tennessee Bar Association, was read.

In the letter Governor Cox discussed the section of the Tennessee constitution on which suffrage opponents base their contentions, which provides that the legislature has no legal right to pass upon an amendment unless its members were elected after submission of the measure to the states by congress. The present legislature was elected in November, 1918, before the suffrage amendment was submitted. Mr. Evans had written asking for an opinion.

"I know enough of the south, or at least I believe I do, to appreciate your feeling with reference to your own internal affairs," the governor replied. "Our platform has made a very positive declaration on the nineteenth amendment, and as you will at once recognize the policy of that document becomes my own as well. At the same time I shall endeavor to speak the policy of the platform to maintain the proprieties which your letter sets forth.

Commends Tennessee Constitution

"I have no hesitation in saying that section 32 of article 2 of the Tennessee constitution is a very wise plan. It ought to be adopted in all states. Whether it is in conflict with the federal constitution as recently interpreted is another matter. Most lawyers with whom I have talked believe it is not. However, it is not within my province to make this declaration."

COX CHARGES THAT REPUBLICANS HAVE A BIG SLUSH FUND

Democratic Candidate Bothered by Republican Nightmare

PROMISES TO REDUCE TAXES

SOUTH BEND, Ind., Aug. 19. Charges that at least $15,000,000 are being contributed to the Republican campaign fund by selfish interests were made today by Governor Cox, during the course of two addresses, opening the Indiana Democratic campaign.

"That is its low mark," he said, "and the sky is apparently the limit. In Ohio $500,000 was raised in the twinkling of an eye. They have sub-divided America into seven districts an dinfluential men representing selfish and greedy interests are passing the hat. They are trying to buy a government under holt. It is a mere bagatele with what the contributors expect to get back."

Pleads for League

Pleas for the league of nations, denunciations of what he said was the Republican plan for a separate peace with Germany, promises of tax reductions and problems of the high cost of living were other features of Governor Cox's addresses.

He addressed several thousand late today on the court house square, attended a banquet of the Indiana Democratic editors association and spoke to another large crowd tonight at the Coliseum.

With Republican campaign funds a special object of attack, he declared Wall street interests were planning to emasculate the federal reserve act in event of a Republican victory, by providing that bankers only shall be eligible to a federal reserve board membership to secure power over credits and interest rates.

LEGION POST HELD SECRET MEETING

DANVILLE, Ill., Aug. 19.—Charges against Louis Bremer, adjutant of Curtis G. Redden Post American Legion as a result of his introduction of Mayor Thompson of Chicago, at a political meeting Tuesday night, were discussed behind closed doors tonight by the post.

Following the meeting it was announced that the members were pledged not to reveal what took place, but the publicity committee issued a statement which deplored the fact that such charges had come before the post.

Commander Otto C. Lesch had been quoted as condemning Adjutant Bremer, and as demanding the latter's expulsion from the post. From the fact that he and Adjutant Bremer were elected at this meeting alternate delegates to the state convention of the legion at Chicago, Sept. 2-3, it appears that the charges were not taken seriously.

RECENT RAINS HELPS CORN CROP

LINCOLN, Neb., Aug. 19.—Heavy rains fell Wednesday night and Thursday from central Nebraska eastward into Iowa and south into Missouri. In the central part of this state, where corn was in need of moisture, the fall was very heavy in some places over two inches.

Agricultural experts say this rain following that of last week, has put corn in condition where it will need no more moisture to mature and they are optimistic of a very large crop, barring early frost. The southern half of the state is about the only locality that has suffered from drouth and the wetting there improves conditions materially.

IMPOSSIBLE TO ESTIMATE LOSS

St. Louis, Mo., Aug. 19.—William McMartin, chairman of the federal reserve bank board tonight said theL postoffice department had informed him that a package registered by the bank was in one of the pouches stolen. The total amount of the bank's currency will not exceed $25,000 it was said.

It will be impossible to estimate the total loss until the contents of the stolen pouches are checked up.

OFFICIALS OF MINE WORKERS UNION END WORK

Decide to Meet Operators Separately in Several States

BELIEVE ILLINOIS OPERATORS WILL SIGN

CLEVELAND, O., Aug. 19. — Officials of the United Mine Workers of America concluded their conference here today and departed for their homes, after having failed to reach a wage agreement with the bituminous operators of the central competitive field.

There will be no general suspension, John L. Lewis, president of the mine workers declared before leaving.

"I anticipate the whole matter can be adjusted without inconvenience to the public," he said. "There may be sporadic strikes, in fact some locals were out today when they heard the conference was not getting anywhere."

States To Deal Separately

At a policy meeting of the miners today it was decided to meet the operators separately, in the four states of the central field —Ohio, Indiana, Illinois and Western Pennsylvania—and make separate supplemental wage agreements.

President John Moore of the Ohio mine workers, announced the Ohio executive board will meet in Columbus Monday to decide when and how to request a scale conference with operators of this state.

Mr. Moore said the Ohio miners would remain at work and that efforts would be made to supplement the present agreement which continues in force, with whatever increases are obtained thruout the central field.

Frank Farrington, president of the Illinois miners declared the mines of that state will meet the operators in Chicago Monday. The original demands of 2 a day increase for day or month men, for which the Illinois miners went on strike several weeks ago will be presented, he said.

Miners' officials believed an agreement would be signed quickly in Illinois and that Indiana operators would follow. Ohio and western Pennsylvania operators were expected to resist making an agreement.

FOURTH EVENING PAPER FOR MINNEAPOLIS

MINNEAPOLIS, Minn., Aug. 19.—A fourth evening paper was launched here today when the Minnesota Daily Star began publication. It declares it is "an independent daily newspaper, owned and controlled by twenty thousand stockholders."

The Star's president and editor is Herbert E. Gaston, formerly of the Fargo, N. D., Courier-News.

Mr. Gaston said tonight that about fifty per cent of the stockholders are farmers, many of them members of Non-Partisan League. Several labor unions also hold blocks of stock, he said.

"The league has no direct connection with the paper but league officers assisted in sale of the stock and other stock and other organization details,' Mr. Gaston said.

PRESIDENT WILSON HAS REGAINED HIS HEALTH

WASHINGTON, Aug. 19.—President Wilson has regained his normal weight of 179 pounds, according to an article today in the Washington Times quoting Rear-Admiral Cary T. Grayson, personal physician to the presidenta. The article also depicts "according to Dr. Grayson" the things that the president does in a "normal day."

They include:

"Exercise his left arm by extending and withdrawing it.

"Shaves himself sometimes with a safety razor.

"Climbs stairs with a cane to exercise his leg muscles.

"Dictates rapidly and frequently writes short hand notes of what he wants done.

"Uses an indeliable pencil to sign most letters to department officials."

At the white house it was said tonight, Dr. Grayson was out of the city. Secretary Tumulty also was out of town and no other official would comment on the article.

VAN TASSEL TELLS RAMBLING STORIES ABOUT WANDERINGS

Camp Grant Officials Believe He is Mentally Unbalanced

OFFICIALS WILL CHECK UP STORIES

ROCKFORD, Ill., Aug. 19.—After hearing from Private Lester Van Tassel two conflicting versions of his wanderings with Private George Peters after they escaped from confinement at Camp Grant the morning before Mrs. LeRoy Moss was shot and killed, Captain Robert B. Howie, Camp Grant intelligence officer, late this afternoon ordered Van Tassel confined in the insane ward at the camp hospital where he will be examined as it is believed by the officials he is mentally unbalanced.

Van Tassel was brought to Camp Grant from Madison, Wis., this noon. He first told Captain Howie he had confessed to knowledge of the slaying of Mrs. Moss and implicated Peters because Madison authorities used minor third degree methods on him and forced the confession, he believing that he would get some rest if he made such a statement. He denied any physical violence was used in extracting the confession.

"I said that, because I wanted to sleep," he said.

Camp officials believe he is insane. He later told varied stories of his wanderings, implicating himself and Peters in the shooting and told of being in a drunken stupor when the act was committed.

Officials will check up his stories but believe their effort to find truth in his tales of the shooting will prove fruitless.

VETERAN WANTS RECORD CLEARED

LEAVENWORTH, Kans., Aug. 19.—Samuel T. iKng, 74, of Joplin, Mo., appeared today at the disciplinary barracks at Fort Leavenworth and asked that he be locked up as a deserter, or that his civil war record be cleared. King wept while telling assitnat commandant, refused to hold the aged veteran and said the matter would be investigated.

King had documents which showed he was honorably dischargedFeb. 10, 1865 on a surgeon's certificate of disability. He also showed papers from the bureau of records and pensions in Washington, D. C., which stated he had twice deserted in 1864, being convicted of desertion by court martial between the time of the two alleged offenses. King declared that if he was a deserter he wanted to be locked up to clear his record. Shoud his record be cleared, army officers declared he would be entitled to more than $20,000 in back pension.

WILL INVESTIGATE SAMPLE BOTTLES

New York, Aug. 19.—Subpoenaes were issued tonight for appearance before the federal grand jury tomorrow of every one known to have been on the stage and among the audience at the opening of a musical comedy here Tuesday night at which sample bottles of whiskey are alleged to have been distributed. Passengers brought word of the death of Frank Smith, a rancher, drowned while attempting to escape from the flames, burning a number of horses and property destruction estimated at more than $100,000.

Scores have been made homeless.

UPPER SILESIA SCENE OF ANTI POLISH RIOTING

Several Deaths Occur When Hotel is Stormed by Mob

CROWDS WRECK POLISH NEWSPAPER

BERLIN, Aug. 19.—Advices from Upper Silesia up to three p. m., indicate the tension of the German population on the one side and of the French troops and Polish elements on the other is not relaxing and that fresh outbursts are likely. Two thousand Italian troops have arrived. Advices say desultory firing is in progress on various parts of the city which are policed by the security police and that lynch law is being resorted to by the enraged German workers.

Despite the fact that a state of reinforced siege was proclaimed by the interallied commission fighting and anti-Polish rioting was resumed yesterday it is stated in Berlin newspapers. These accounts say that virtually the entire populace marched to the headquarters of the Polish plebiscie committee in a hotel.

Mob Lynches Two.

When security police arrived the despatch says shots were fired from the hotel and heavy firing ensued. The inmates of the hotel surrendered. One of those arrested it is said was shot as he was alleged to have attempted resistance. Two others were lynched by the angry crowd.

Occupation troops were confined to their barraeks which were barricaded.

The crowds wrecked the plant of a Polish newspaper and other Polish establishments.

TWO IN HOSPITAL RESULT OF STABBING

MARION, Iowa, Aug. 19.—Arthur Robinson and Ray Caraway are in a Cedar Rapids hospital badly cut up, and Caraway may die, as the result of a stabbing affray near here tonight. Will Jones, half breed Indian and Edward Corum have been taken into custody by Sheriff Taylor and are being held pending the recovery of Robinson and Caraway.

A bloody jack knife was found upon Jones when arrested. Just who did the cutting is not yet ascertained, the victims being too badly wounded and the two men held being believed under the influence of liquor.

M'GRAW DENIES PURCHASING WHISKEY

POLISH FORCES ARE ADVANCING WITH GREAT SPEED

Bolsheviki Army Reported in Critical Position

WARSAW SECTOR BEING CLEARED OF ENEMY

PARIS, Aug. 19.—(By The Associated Press.) — Polish forces are advancing with undimished speed southeast of Warsaw. Principal interest however attaches to the maneuvers at Ivangorod, where massed reserves have advanced sixty miles in three days and effected a junction with another army operating from Cholm. United these armies were within 18 miles of Brest-Litovsk, 120 miles east of Warsaw at noon Wednesday and have now probably reoccupied that important fortress which the Reds late Wednesday night were reported to be hurriedly evacuating.

The initial tactical aim of this maneuver, say military experts is already more than attained as the left wing of the Bolsheviki army based on Brest-Litovsk has become separated the red center is being held before the forts of Warsaw and on the right they are reported in a critical situation.

Hope to Cut Off Retreat.

According to latest news the Poles have almost reached their next objective—the course of the middle Bug below Brest-Litovsk. One this is attained it is believed the retreat of the Bolsheviki in the Siedlece region will be cut off and they will be left with only the one way to retire beyond the Bug. This is by way of the Warsaw-Bialystok high roads.

North of the Narew river the Polish left wing is continuing to advance and is now well up in the fork between the Narew and Bug rivers making a converging attack on the Pultusk bridgehead. In the center the Poles are rapidly driving the Reds back on the upper Bug.

In the Danzig corridor northeast of Warsaw, fresh troops have appeared. They surrounded the Red detachments which reached the Vistula river and removed all danger to communication between Warsaw and Danzig by the Vistula and also cleared the railroad from Danzig to Soldau.

Offensive In Full Swing.

Warsaw, Aug. 19.—(By The Associated Press.)—The Polish offensive is now in full swing. More than ten thousand prisoners, thirty cannon, 300 machine guns and thousands of supply carts have been captured from the Bolsheviki. The Poles have occupied Plonsk, Pultusk and Wyskow, thru which the Reds drove in their advance.

Withdrawing Forces.

Owing to the Polish pressure from the northeast it is reported the Bolsheviki are withdrawing their forces which reached the Vistula south of the Prussian border and to the northwest of Warsaw.

The Warsaw sector is rapidly being cleared of the Bolsheviki. North and northeast of the capital the Reds are being shoved back by the Poles who are following them up all along the front using artillery in such quantities as to cause great confusion among the invaders who now are on the run.

To the east the Bolsheviki are reported to be making their way across the Bug at various points.

Siedlece was taken by the Poles early Wednesday.

HEARING ENDED ON STEAMSHIP LINE RATE INCREASES

Shipping Board Hopes to Act Before Next Thursday

MANY TESTIFY AT THE HEARINGS

WASHINGTON, Aug. 19.—Hearings on the application of about 60 Great Lakes and coastal steamship lines filed with the shipping board for rate increases in conformity with advances granted the railroads were ended today. The boar plans to act before next Thursday when the rail rates become effective.

Representatives of carriers and shippers testified today the latter making no protest against a gnerela increase for water carriers but urging that part of the additional revenues go for "increased facilities."

George P. Wilson of the Philadelphia chamber of commerce said soastwise steammship service out of Philadelphia for the last 18 months had been inferior to that of the pre-war period. He urged the return to regular routes of converted package carriers divered to other lines.

Shippers Oppose Increase.

Application of the Great Lakes transit corporation for a freight increase of forty per cent was opposed as unjustified by shippers at Duluth, Minn.

C. F. McDonald of Duluth urged readjustment of rates on flour from the northwest to down lake points. Present rates were out of proportion to seaboard rates, he said.

Witnesses for the carriers were Fred A. Pixley, Milwaukee, Wis., general freight agent for the Chicago, Racine and Milwaukee steamship line. A. T. Zilmer of Cleveland, representing the Cleveland and Buffalo Transit company and Chrales A. Donnelly of Chicago, representing the Mich Transit company. Mr. Pixley, however, said the company had earned twenty per cent on its investment in 1919 and during the first four months of this year at the rate of about twelve per cent annually.

Even with increased rates he said this would be considerably less than 12 per cent owing to greater operating expenses. Mr. Connelly said the Michigan Transit company during the first six months this year had only earned thre tenths of one per cent on its investment while Mr. Zilmer said he Cleveland company during the last fiscal year lost $193,115.

CLAIMS SHE DID NOT SHOOT TO HIT

NEW YORK, Aug. 19.—Miss Gertrude Wormworth declared today she had practiced marksmanship so that she could miss William J. Burns, private detective at whom she fired three times in Grand Central Station last year. Testifying at a supreme court hearing in Brooklyn on application for her release from the state hospital for the insane the young woman said she had gone to Prospect Park, Brooklyn, on three days before the shooting and fired at trees. "My purpose was to be able to shoot so I would miss," she said. "I did not intend to hit Mr. Burns and I fired down."

Miss Wormworth was alleged to have written threatening letters to Colonel Edward H. R. Green, son of the late Hetty Green. She said she had believed at one time that Burns was persecuting her by preventing her from getting stead employment.

SUGAR DEALERS ASKING FOR HELP

WASHINGTON, Aug. 19.—Sugar dealers caught in the recent price slump with large stocks on their hands are appealing to the department of justice to save them from loss, according to John F. Crosby, acting head of the department's campaign to lower the cost of living.

Many dealers who have been prohibited from selling sugar at more than one cent a pound profit, Mr. Crosby said today, complain that because they bought when prices were high they now face heavy losses. Unless refiners violate the Lever act, he added, the department has no remedy.

WOMAN DISCOVERS BOYS DROWNING

New York, Aug. 19.—The keen eye of a woman scanning the ocean thru a Coney Island telescope — just for fun—today caught sight of four boys clinging for life to the gunwale of an overturned rowboat drifting to sea a mile off shore.

The woman—Mrs. Earl Monger of Manhattan—dropped the glass and rushed to a parkway beach life saving station where she directed the rescuer's to the boys' aid. All were saved but were unconscious when carried ashore.

CLAIM NEWSPAPER OWNERS ARE CAPITALISTS

Marquette, Mich., Aug. 19. — Condemnation of the daily press and news gathering agencies was sounded by E. J. Jefferies, judge in the recorder's court at Detroit, and candidate for governor of Michigan on the Farmer-Labor ticket tonight in his keynote speech here.

"Newspaper owners are capitalists and hold the views of capitalists," he said.

SENATE WILL HAVE SOMETHING TO SAY ABOUT POLICIES

Democratic Critics are Correct Says Harding

SENATE SAVED U. S. NATIONALITY

MARION, O., Aug. 19.—Reaffirming his faith in "party sponsorship in government," Senator Harding said in a speech here today that his Democratic critics were entirely correct in supposing that if elected president he would permit the senate to have some say in determining the policy of the government.

"The senate saved American nationality in 1919 and 1920," he asserted, "when the executive proposed to surrender it. If a Republican administration is chosen next November you can be very certain that the senate will have something to say about foreign relations as constitution contemplates. I had rather have the counsel of the senate than all the political bosses in any party.

"I want to have done with personal government in this country. I want to put an end to autocracy which has been reared in the name of Democracy.

"There isn't very much choice between venomous assault on the integrity of the courts and the momentary clamor about eliminating the senate from the responsibility in federal government. I do not know whether the idea is one imported from the peace council at Paris or whether it is a reflex of the mob mentality which has broken out in revolution in various places in Europe."

Explains Party Sponsorship.

Explaining his conception of party sponsorship Senator Harding said it meant a "government of laws rather than of men, in which the executive, legislative and judicial branches should each function within its own constitutional limitations. In this division of authority he declared the senate was "in reality the security of stable, popular government."

The privilege of extended debate and the rule that two thirds are required to ratify a treaty were cited as senate safeguards against ill-considered action. The speech was delivered from the front porch to members and former member of the Ohio legislature. It was, the senator's second today, a group of Civil War veterans from Kenton, Ohio, having induced him to make a brief talk when they paid him a noon day visit. To them he reiterated his belief that it was for American rights that the nation entered the world war and added a promise that if he were elected there would be no surrender of American nationality.

The speech to the legislatures followed a reunion luncheon in a grove near the senator's home.

Praises Federal Courts.

In the course of his discussion of party government Senator Harding also praised the house of representatives and the federal courts and declared his opposition to "that new cult in American politics which proclaims that everything that is, is bad."

Dwelling at length on the senate's rule of unlimited debate, he said there was "not a more helpful thing in all our popular government.'

In a passing reference to the rarely invoked cloture rule adopted at the recommendation of President Wilson he declared the rule had been postponed by "an executive who looked upon the proceedings of the senate with more or less contempt."

TRAVELED 3,000 MILES TO PROVE INNOCENCE

TENNESSEE WILL RECONSIDER VOTE ON EQUAL SUFFRAGE

Forty Seven Sign Pledge to Vote for Reconsideration

LETTER FROM GOV. COX READ

NASHVILLE, Tenn., Aug. 19. Forty-seven members of the Tennessee lower house have already signed a pledge to vote to reconsider ratification of the woman suffrage amendment, Speaker Walker said tonight at a mass meeting called by those opposed to woman suffrage. Others will sign the pledge tonight and tomorrow, he said, declaring that the ratification vote will be reconsidered.

Mr. Walker was leader of the anti-suffrage forces in the house and changed his vote to "aye" in order to move for reconsideration.

Failure of anti-suffrage leaders today to attempt to force the lower house to reconsider its action of yesterday was overshadowed in interest by the launching of a county grand jury investigation into charges that improper influences had been brought to bear on members of the legislature.

Publication by local newspapers of two affidavits attributed to C. C. Wallace, judge of the city court of Lewisburg, Tenn., and Ennis E. Murray, of Nashville, general agent for the federal land bank of Louisville, Ky., alleging that an attempt had been made by a suffrage leader to bribe representative Harry T. Burns, Republican of McMinn county also was a feature of the day's developments.

Grand Jury Investigates

The grand jury charged by Judge J. D. B. Debow, of the Davidson county criminal court summoned J. T. Eichelberger, of Washington, D. C., a publicity man in charge of headquarters here of the anti-ratification forces. Mr. Eichelberger was before the jury two hours and it was said, additional witnesses probably would appear tomorrow. Judge Debow's charge was directed at alleged special interests which it has been charged, have representatives here working against ratification.

The court instructed the jury to return indictments immediately if an investigation showed that laws had been violated.

by county alleged in the affidavit ing with the suffrage opponents on both roll calls on a motion to table the ratification and a few minutes later cast his vote for the amendment. The affidavits charged that he was approached during the interval between the vote on the motion to table and the vote to concur with the senate.

Alleges Bribing

Representative Hanover of Shelbycounty, alleged in the affidavit attributed to Murray as having told Burn that if he would vote in favor of ratification he would be given "anything in the world he wanted" and that "it would be worth $10,000 to him" characterized the charge as "no more than a clumsy effort to blackmail or embarrass friends and supporters of the rights of our women."

The house adjourned at noon, until tomorrow morning without reference to suffrage.

A motion to reconsider was regarded as certain tonight and there was no let up on the part of the leaders of the opposing forces to keep their men in line.

Letter from Gov. Cox Read

At the mass meeting tonight which was attended by more than four thousand persons a hitherto unpublished letter from Governor Cox under date of August 10 to Giles L. Evans of Fayetteville, Tenn., president of the Tennessee Bar Association, was read.

In the letter Governor Cox discussed the section of the Tennessee constitution on which suffrage opponents base their contentions, which provides that the legislature has no legal right to pass upon an amendment unless its members were elected after submission of the measure to the states by congress. The present legislature was elected in November, 1918, before the suffrage amendment was submitted. Mr. Evans had written asking for an opinion.

"I know enough of the south, or at least I believe I do, to appreciate your feeling with reference to your own internal affairs," the governor replied. "Our platform has made a very positive declaration on the nineteenth amendment, and as you will at once recognize the policy of that document becomes my own as well. At the same time I shall endeavor to speak the policy of the platform to maintain the proprieties which your letter sets forth.

Commends Tennessee Constitution

"I have no hesitation in saying that section 32 of article 2 of the Tennessee constitution is a very wise plan. It ought to be adopted in all states. Whether it is in conflict with the federal constitution as recently interpreted is another matter. Most lawyers with whom I have talked believe it is not. However, it is not within my province to make this declaration."

COX CHARGES THAT REPUBLICANS HAVE A BIG SLUSH FUND

Democratic Candidate Bothered by Republican Nightmare

PROMISES TO REDUCE TAXES

SOUTH BEND, Ind., Aug. 19. Charges that at least $15,000,000 are being contributed to the Republican campaign fund by selfish interests were made today by Governor Cox, during the course of two addresses, opening the Indiana Democratic campaign.

"That is its low mark," he said, "and the sky is apparently the limit. In Ohio $500,000 was raised in the twinkling of an eye. They have sub-divided America into seven districts an dinfluential men representing selfish and greedy interests are passing the hat. They are trying to buy a government under holt. It is a mere bagatele with what the contributors expect to get back."

Pleads for League

Pleas for the league of nations, denunciations of what he said was the Republican plan for a separate peace with Germany, promises of tax reductions and problems of the high cost of living were other features of Governor Cox's addresses.

He addressed several thousand late today on the court house square, attended a banquet of the Indiana Democratic editors association and spoke to another large crowd tonight at the Coliseum.

With Republican campaign funds a special object of attack, he declared Wall street interests were planning to emasculate the federal reserve act in event of a Republican victory, by providing that bankers only shall be eligible to a federal reserve board membership to secure power over credits and interest rates.

LEGION POST HELD SECRET MEETING

DANVILLE, Ill., Aug. 19.—Charges against Louis Bremer, adjutant of Curtis G. Redden Post American Legion as a result of his introduction of Mayor Thompson of Chicago, at a political meeting Tuesday night, were discussed behind closed doors tonight by the post.

Following the meeting it was announced that the members were pledged not to reveal what took place, but the publicity committee issued a statement which deplored the fact that such charges had come before the post.

Commander Otto C. Lesch had been quoted as condemning Adjutant Bremer, and as demanding the latter's expulsion from the post. From the fact that he and Adjutant Bremer were elected at this meeting alternate delegates to the state convention of the legion at Chicago, Sept. 2-3, it appears that the charges were not taken seriously.

RECENT RAINS HELPS CORN CROP

LINCOLN, Neb., Aug. 19.—Heavy rains fell Wednesday night and Thursday from central Nebraska eastward into Iowa and south into Missouri. In the central part of this state, where corn was in need of moisture, the fall was very heavy in some places over two inches.

Agricultural experts say this rain following that of last week, has put corn in condition where it will need no more moisture to mature and they are optimistic of a very large crop, barring early frost. The southern half of the state is about the only locality that has suffered from drouth and the wetting there improves conditions materially.

IMPOSSIBLE TO ESTIMATE LOSS

St. Louis, Mo., Aug. 19.—William McMartin, chairman of the federal reserve bank board tonight said theL postoffice department had informed him that a package registered by the bank was in one of the pouches stolen. The total amount of the bank's currency will not exceed $25,000 it was said.

It will be impossible to estimate the total loss until the contents of the stolen pouches are checked up.

OFFICIALS OF MINE WORKERS UNION END WORK

Decide to Meet Operators Separately in Several States

BELIEVE ILLINOIS OPERATORS WILL SIGN

CLEVELAND, O., Aug. 19.—Officials of the United Mine Workers of America concluded their conference here today and departed for their homes, after having failed to reach a wage agreement with the bituminous operators of the central competitive field.

There will be no general suspension, John L. Lewis, president of the mine workers declared before leaving.

"I anticipate the whole matter can be adjusted without inconvenience to the public," he said. "There may be sporadic strikes, in fact some locals were out today when they heard the conference was not getting anywhere."

States To Deal Separately

At a policy meeting of the miners today it was decided to meet the operators separately, in the four states of the central field—Ohio, Indiana, Illinois and Western Pennsylvania—and make separate supplemental wage agreements.

President John Moore of the Ohio mine workers, announced the Ohio executive board will meet in Columbus Monday to decide when and how to request a scale conference with operators of this state.

Mr. Moore said the Ohio miners would remain at work and that efforts would be made to supplement the present agreement which continues in force, with whatever increases are obtained thruout the central field.

Frank Farrington, president of the Illinois miners declared the mines of that state will meet the operators in Chicago Monday. The original demands of 2 a day increase for day or month men, for which the Illinois miners went on strike several weeks ago will be presented, he said.

Miners' officials believed an agreement would be signed quickly in Illinois and that Indiana operators would follow. Ohio and western Pennsylvania operators were expected to resist making an agreement.

FOURTH EVENING PAPER FOR MINNEAPOLIS

MINNEAPOLIS, Minn., Aug. 19.—A fourth evening paper was launched here today when the Minnesota Daily Star began publication. It declares it is "an independent daily newspaper, owned and controlled by twenty thousand stockholders."

The Star's president and editor is Herbert E. Gaston, formerly of the Fargo, N. D., Courier-News.

Mr. Gaston said tonight that about fifty per cent of the stockholders are farmers, many of them members of Non-Partisan League. Several labor unions also hold blocks of stock, he saic.

"The league has no direct connection with the paper but league officers assisted in sale of the stock and other stock and other organization details,' Mr. Gaston said.

BRITISH PREMIER VISITS SWIZTERLAND

LUCERNE, Switzerland, Aug. 19.—David Lloyd George, Britsh premier, arrived here today. To the correspondent of The Associated Press he said up to the present the only official meeting that had been arrange was one wih Premier Ciolitti, of Italy, probably next Monday. No visits from Dr. Walter Simons, the German chancellor, or Prince Feisal, king of Syria, had as yet been arranged he said.

The private secertary of Mr. Lloyd George asseterd today that there was no truth in the report that the premier intended to visit the United States and Canada in October. He said, however, the premier hoped to make a visit there next year if the European situtation is improved.

PRESIDENT WILSON HAS REGAINED HIS HEALTH

WASHINGTON, Aug. 19.—President Wilson has regained his normal weight of 179 pounds, according to an article today in the Washington Times quoting Rear-Admiral Cary T. Grayson, personal physician to the presidenta. The article also depicts "according to Dr. Grayson" the things that the president does in a "normal day."

They include:

"Exercise his left arm by extending and withdrawing it.

"Shaves himself sometimes with a safety razor.

"Climbs stairs with a cane to exercise his leg muscles.

"Dictates rapidly and frequently writes short hand notes of what he wants done.

"Uses an indeliable pencil to sign most letters to department officials."

At the white house it was said tonight, Dr. Grayson was out of the city. Secretary Tumulty also was out of town and no other official would comment on the article.

VAN TASSEL TELLS RAMBLING STORIES ABOUT WANDERINGS

Camp Grant Officials Believe He is Mentally Unbalanced

OFFICIALS WILL CHECK UP STORIES

ROCKFORD, Ill., Aug. 19.—After hearing from Private Lester Van Tassel two conflicting versions of his wanderings with Private George Peters after they escaped from confinement at Camp Grant the morning before Mrs. LeRoy Moss was shot and killed, Captain Robert B. Howie, Camp Grant intelligence officer, late this afternoon ordered Van Tassel confined in the insane ward at the camp hospital where he will be examined as it is believed by the officials he is mentally unbalanced.

Van Tassel was brought to Camp Grant from Madison, Wis., this noon. He first told Captain Howie he had confessed to knowledge of the slaying of Mrs. Moss and implicated Peters because Madison authorities used minor third degree methods on him and forced the confession, he believing that he would get some rest if he made such a statement. He denied any physical violence was used in extracting the confession.

"I said that, because I wanted to sleep," he said.

Camp officials believe he is insane. He later told varied stories of his wanderings, implicating himself and Peters in the shooting and told of being in a drunken stupor when the act was committed.

Officials will check up his stories but believe their effort to find truth in his tales of the shooting will prove fruitless.

VETERAN WANTS RECORD CLEARED

LEAVENWORTH, Kans., Aug. 19.—Samuel T. iKng, 74, of Joplin, Mo., appeared today at the disciplinary barracks at Fort Leavenworth and asked that he be locked up as a deserter, or that his civil war record be cleared. King wept while telling assitnat commandant, refused to hold the aged veteran and said the matter would be investigated.

King had documents which showed he was honorably dischargedFeb. 10, 1865 on a surgeon's certificate of disability. He also showed papers from the bureau of records and pensions in Washington, D. C., which stated he had twice deserted in 1864, being convicted of desertion by court martial between the time of the two alleged offenses. King declared that if he was a deserter he wanted to be locked up to clear his record. Shoud his record be cleared, army officers declared he would be entitled to more than $20,000 in back pension.

WILL INVESTIGATE SAMPLE BOTTLES

New York, Aug. 19.—Subpoenaes were issued tonight for appearance before the federal grand jury tomorrow of every one known to have been on the stage and among the audience at the opening of a musical comedy here Tuesday night at which sample bottles of whiskey are alleged to have been distributed. The announcement was made tonight by Assistant District Attorney Ben A. Matthews after officials had declined to accept explanations by the producer that the bottles contained only tea.

WILL H. HAYS HAS CONFERENCE WITH PENROSE

Philadelphia, Aug. 19.—Will H. Hays, chairman of the Republican national committee conferred with Senator Penrose at the latter's home here today. The political situation and particularly developments in the presidential campaign weer discussed.

Mr. Hays expressed gratification over the ratification of the federal woman suffrage amendment which he said would not cause any important changes in the Republican plan of campaign.

FOREST FIRES CAUSES HEAVY LOSS OF PROPERTY

Kamloops, B. C., Aug. 19. — A relief train bearing injured and refugees from a vast forest fire area along the North Thompson river northeast of here, arrived today. Passengers brought word of the death of Frank Smith, a rancher, drowned while attempting to escape from the flames, burning a number of horses and property destruction estimated at more than $100,000.

Scores have been made homeless.

UPPER SILESIA SCENE OF ANTI POLISH RIOTING

Several Deaths Occur When Hotel is Stormed by Mob

CROWDS WRECK POLISH NEWSPAPER

BERLIN, Aug. 19.—Advices from Upper Silesia up to three p. m., indicate the tension of the German population on the one side and of the French troops and Polish elements on the other is not relaxing and that fresh outbursts are likely. Two thousand Italian troops have arrived. Advices say desultory firing is in progress on various parts of the city which are policed by the security police and that lynch law is being resorted to by the enraged German workers.

Despite the fact that a state of reinforced siege was proclaimed by the interallied commission fighting and anti-Polish rioting was resumed yesterday it is stated in Berlin newspapers. These accounts say that virtually the entire populace marched to the headquarters of the Polish plebiscie committee in a hotel.

Mob Lynches Two.

When security police arrived the despatch says shots were fired from the hotel and heavy firing ensued. The inmates of the hotel surrendered. One of those arrested it is said was shot as he was alleged to have attempted resistance. Two others were lynched by the angry crowd.

Occupation troops were confined to their barracks which were barricaded.

The crowds wrecked the plant of a Polish newspaper and other Polish establishments.

TWO IN HOSPITAL RESULT OF STABBING

MARION, Iowa, Aug. 19.—Arthur Robinson and Ray Caraway are in a Cedar Rapids hospital badly cut up, and Caraway may die, as the result of a stabbing affray near here tonight. Will Jones, half breed Indian and Edward Corum have been taken into custody by Sheriff Taylor and are being held pending the recovery of Robinson and Caraway.

A bloody jack knife was found upon Jones when arrested. Just who did the cutting is not yet ascertained, the victims being too badly wounded and the two men held being believed under the influence of liquor.

M'GRAW DENIES PURCHASING WHISKEY

NEW YORK, Aug. 19.—Denials by attorneys for John J. McGraw, manager of the New York Giants that he had purchased whiskey from the Lambs Clug August 8, featured today's investigation of occurrences at the club the evening before John S. Slavin, comedy actor, was found lying injured in front of McGraw's home.

William J. Fallon, one of McGraw's attorneys, admitted McGraw "might have gotten whiskey at the club" tho he maintained his client did not purchase it of the club itself.

PROMISES GREATER NAVAL DEVELOPMENTS

MISSOULA, Mont., Aug. 19. — Greater naval development on the Pacific coast was promised by Franklin D. Roosevelt, in a rear platform speech here today, en route to Spokane.

He declared it was extra-ordinary that in traveling the past ten days in seven states we have yet to find the firs Democrat who is to vote for Harding while literally hundreds of progressive Republicans have told us they will vote for Cox.

LOWER CALIFORNIA TO NAME OWN GOVERNOR

Los Angeles, Calif., Aug. 19.—Altho Lower California is a territory and ont a state, its people will be permitted to name their own governor, Eduardo Ruiz, Mexican consul announced today.

A special election will be held early next year he declared. It was reported today from Mexicali that everything was quiet there and that Colonel Esteban Cantu, who surrendered the governorship to Luis M. Salazar, probably would leave very soon.

POLISH FORCES ARE ADVANCING WITH GREAT SPEED

Bolsheviki Army Reported in Critical Position

WARSAW SECTOR BEING CLEARED OF ENEMY

PARIS, Aug. 19.—(By The Associated Press.) — Polish forces are advancing with undimished speed southeast of Warsaw. Principal interest however attaches to the maneuvers at Ivangorod, where massed reserves have advanced sixty miles in three days and effected a junction with another army operating from Cholm. United these armies were within 18 miles of Brest-Litovsk, 120 miles east of Warsaw at noon Wednesday and have now probably reoccupied that important fortress which the Reds late Wednesday night were reported to be hurriedly evacuating.

The initial tactical aim of this maneuver, say military experts is already more than attained as the left wing of the Bolsheviki army based on Brest-Litovsk has become separated the red center is being held before the forts of Warsaw and on the right they are reported in a critical situation.

Hope to Cut Off Retreat.

According to latest news the Poles have almost reached their next objective—the course of the middle Bug below Brest-Litovsk. One this is attained it is believed the retreat of the Bolsheviki in the Siedlece region will be cut off and they will be left with only the one way to retire beyond the Bug. This is by way of the Warsaw-Bialystok high roads.

North of the Narew river the Polish left wing is continuing to advance and is now well up in the fork between the Narew and Bug rivers making a converging attack on the Pultusk bridgehead. In the center the Poles are rapidly driving the Reds back on the upper Bug.

In the Danzig corridor northeast of Warsaw, fresh troops have appeared. They surrounded the Red detachments which reached the Vistula river and removed all danger to communication between Warsaw and Danzig by the Vistula and also cleared the railroad from Danzig to Soldau.

Offensive In Full Swing.

Warsaw, Aug. 19.—(By The Associated Press.)—The Polish offensive is now in full swing. More than ten thousand prisoners, thirty cannon, 300 machine guns and thousands of supply carts have been captured from the Bolsheviki. The Poles have occupied Plonsk, Pultusk and Wyskow, thru which the Reds drove in their advance.

Withdrawing Forces.

Owing to the Polish pressure from the northeast it is reported the Bolsheviki are withdrawing their forces which reached the Vistula south of the Prussian border and to the northwest of Warsaw.

The Warsaw sector is rapidly being cleared of the Bolsheviki. North and northeast of the capital the Reds are being shoved back by the Poles who are following them up all along the front using artillery in such quantities as to cause great confusion among the invaders who now are on the run.

To the east the Bolsheviki are reported to be making their way across the Bug at various points.

Siedlece was taken by the Poles early Wednesday.

FARMERS ORGANIZE NEW ASSOCIATION

WASHINGTON, Aug. 19.—Organization of the "Co-operative Farmer-Borrowers" of the United States as a national body including members of the four thousand farm loan associations already organized under the federal farm loan act has been started the national board of farm organizations announced tonight. The plan arose oue of paralyzation of the federal act as a result of the suit now pending in the supreme court to test its constitutionality, it was said.

Local farm loan associations will be formed into state unions and state conventions will then be called to name delegates to a national convention which will be as soon as ten state unions have been formed.

HEARING ENDED ON STEAMSHIP LINE RATE INCREASES

Shipping Board Hopes to Act Before Next Thursday

MANY TESTIFY AT THE HEARINGS

WASHINGTON, Aug. 19.—Hearings on the application of about 60 Great Lakes and coastal steamship lines filed with the shipping board for rate increases in conformity with advances granted the railroads were ended today. The boar plans to act before next Thursday when the rail rates become effective.

Representatives of carriers and shippers testified today the latter making no protest against a gnerela increase for water carriers but urging that part of the additional revenues go for "increased facilities."

George P. Wilson of the Philadelphia chamber of commerce said soastwise steammship service out of Philadelphia for the last 18 months had been inferior to that of the pre-war period. He urged the return to regular routes of converted package carriers divered to other iines.

Shippers Oppose Increase.

Application of the Great Lakes transit corporation for a freight increase of forty per cent was opposed as unjustified by shippers at Duluth, Minn.

C. F. McDonald of Duluth urged readjustment of rates on flour from the northwest to down lake points. Present rates were out of proportion to seaboard rates, he said.

Witnesses for the carriers were Fred A. Pixley, Milwaukee, Wis., general freight agent for the Chicago, Racine and Milwaukee steamship line. A. T. Zilmer of Cleveland, representing the Cleveland and Buffalo Transit company and Chrales A. Donnelly of Chicago, representing the Mich Transit company. Mr. Pixley, however, said the company had earned twenty per cent on its investment in 1919 and during the first four months of this year at the rate of about twelve per cent annually.

Even with increased rates he said this would be considerably less than 12 per cent owing to greater operating expenses. Mr. Connelly said the Michigan Transit company during the first six months this year had only earned thre tenths of one per cent on its investment while Mr. Zilmer said he Cleveland company during the last fiscal year lost $193,115.

CLAIMS SHE DID NOT SHOOT TO HIT

NEW YORK, Aug. 19.—Miss Gertrude Wormworth declared today she had practiced marksmanship so that she could miss William J. Burns, private detective at whom she fired three times in Grand Central Station last year. Testifying at a supreme court hearing in Brooklyn on application for her release from the state hospital for the insane the young woman said she had gone to Prospect Park, Brooklyn, on three days before the shooting and fired at trees. "My purpose was to be able to shoot so I would miss," she said. "I did not intend to hit Mr. Burns and I fired down."

Miss Wormworth was alleged to have written threatening letters to Colonel Edward H. R. Green, son of the late Hetty Green. She said she had believed at one time that Burns was persecuting her by preventing her from getting stead employment.

SUGAR DEALERS ASKING FOR HELP

WASHINGTON, Aug. 19.—Sugar dealers caught in the recent price slump with large stocks on their hands are appealing to the department of justice to save them from loss, according to John F. Crosby, acting head of the department's campaign to lower the cost of living.

Many dealers who have been prohibited from selling sugar at more than one cent a pound profit, Mr. Crosby said today, complain that because they bought when prices were high they now face heavy losses. Unless refiners violate the Lever act, he added, the department has no remedy.

WOMAN DISCOVERS BOYS DROWNING

New York, Aug. 19.—The keen eye of a woman scanning the ocean thru a Coney Island telescope — just for fun—today caught sight of four boys clinging for life to the gunwale of an overturned rowboat drifting to sea a mile off shore.

The woman—Mrs. Earl Monger of Manhattan—dropped the glass and rushed to a parkway beach life saving station where she directed the rescuer's to the boys' aid. All were saved but were unconscious when carried ashore.

CLAIM NEWSPAPER OWNERS ARE CAPITALISTS

Marquette, Mich., Aug. 19. — Condemnation of the daily press and news gathering agencies was sounded by E. J. Jefferies, judge in the recorder's court at Detroit, and candidate for governor of Michigan on the Farmer-Labor ticket tonight in his keynote speech here.

"Newspaper owners are capitalists and hold the views of capitalists," he said.

SENATE WILL HAVE SOMETHING TO SAY ABOUT POLICIES

Democratic Critics are Correct Says Harding

SENATE SAVED U. S. NATIONALITY

MARION, O., Aug. 19.—Reaffirming his faith in "party sponsorship in government," Senator Harding said in a speech here today that his Democratic critics were entirely correct in supposing that if elected president he would permit the senate to have some say in determining the policy of the government.

"The senate saved American nationality in 1919 and 1920," he asserted, "when the executive proposed to surrender it. If a Republican administration is chosen next November you can be very certain that the senate will have something to say about foreign relations as constitution contemplates. I had rather have the counsel of the senate than all the political bosses in any party.

"I want to have done with personal government in this country. I want to put an end to autocracy which has been reared in the name of Democracy.

"There isn't very much choice between venomous assault on the integrity of the courts and the momentary clamor about eliminating the senate from the responsibility in federal government. I do not know whether the idea is one imported from the peace council at Paris or whether it is a reflex of the mob mentality which has broken out in revolution in various places in Europe."

Explains Party Sponsorship.

Explaining his conception of party sponsorship Senator Harding said it meant a "government of laws rather than of men, in which the executive, legislative and judicial branches should each function within its own constitutional limitations. In this division of authority he declared the senate was "in reality the security of stable popular government."

The privilege of extended debate and the rule that two thirds are required to ratify a treaty were cited as senate safeguards against ill-considered action. The speech was delivered from the front porch to members and former member of the Ohio legislature. It was, the senator's second today, a group of Civil War veterans from Kenton, Ohio, having induced him to make a brief talk when they paid him a noon day visit. To them he reiterated his belief that it was for American rights that the nation entered the world war and added a promise that if he were elected there would be no surrender of American nationality.

The speech to the legislatures followed a reunion luncheon in a grove near the senator's home.

Praises Federal Courts.

In the course of his discussion of party government Senator Harding also praised the house of representatives and the federal courts and declared his opposition to "that new cult in American politics which proclaims that everything that is, is bad."

Dwelling at length on the senate's rule of unlimited debate, he said there was "not a more helpful thing in all our popular government."

In a passing reference to the rarely invoked cloture rule adopted at the recommendation of President Wilson he declared the rule had been postponed by "an executive who looked upon the proceedings of the senate with more or less contempt."

TRAVELED 3,000 MILES TO PROVE INNOCENCE

Toronto, Aug. 19.—After voluntarily coming 3,000 miles to prove that he was not the man who held up and robbed the jewelry store of Abraham Rosenthal of $50,000 worth of diamonds DeWitt Cook Ellwood, a wealthy real estate broker of Miami, Fla., today was a free man and the charge against him was withdrawn.

Rosenthal failed to identify him as the robber. Ellwood is a former resident of Detroit, Mich.

Susan B. Anthony needs no monument of stone or tablet of bronze to perpetuatte her memory. The 19th amendment to the constitution of the United Sates, giving equal suffrage rights to women, is a memorial which will outlast mere bronze or granite.

IT's DIFFERENT HERE

Jacksonville people can now sympathize with residents of Bloomington and Normal. The mayors of those two cities have issued proclamations requiring residents to curtail the use of water for lawn sprinkling and for use on the streets. The time was when such a public notice was printed annually in the papers of Jacksonville. But thanks to the co-operative spirit of the people which made Lake Mauvisterre a possibility, those evil days are wholly in the past.

Franklin D. Roosevelt told an audience in Montana the other day that President Wilson put it over on Lloyd George at the peace conference and that according to the league program the United States would really have more votes than England, although the surface indications are otherwise. Think it over! Can you get a mental picture of Mr. Wilson putting over anything on the canny English premier?

WHO PAYS?

From various sources one learns that the increases in railroad rates should have no perceptible bearing upon living costs. The same theory is expounded with reference to the express company increases. But just how the public is to pay these additional millions without being conscious of the fact no one has yet explained.

It is a basic principle of business that the cost of production and of doing business is passed to the consumer: and that is just what will happen with the railroad and express increases. On some necessities the increase may be so small that it will not attract attention, but with other entirely different story.

WHAT WILL WOMEN DO?

Now that 27,000,000 women in the United States have a right to take part in the elecions the results will be more than ever in doubt. Neither Republicans or Democrats are in position to say with confidence that they are going to reap the benefit from the enfranchisement of women. It used to be the theory that women would vote just the same way as the men folks of their households. That is true in a measure only, and today it is a matter of common knowledge that there are a great many women in the country who do their own thinking, and when election day comes they will cast ballots for the candidates they prefer without special reference to the views of their male relatives.

The equal suffrage movement gained a great impetus during the war period when the women of the country with such signal patriotis and loyalty gave evidence of their willingness to share fully in the work and burden of the war.

They did so much for the soldiers at the front, and took such an important part in the activies at home that men could not fail to be impressed with the idea that if women really want to vote that the right under the constitution should be theirs.

SUFFRAGE AND RESPONSIBILITY

It will not be amiss for women as they take pride in the thought that equal suffrage rights are theirs to keep in mind also that suffrage privilieges also carry responsibilities. From this time forth, if inefficient or unworthy people are elected to office, if there is corruption in governmental affairs, they must share in the blame.

It will be the duty of those who have had the advantage of training and education to take such steps as will make certain that their less fortunate sisters by some means have the opportunity of learning the facts about government needs and public affairs.

THE CHAUTAUQUA'S CONTRIBUTION TO THE COMMUNITY

The ninth assembly of the Jacksonville chautauqua opens today. A glance at the program will give proof that the directors have arranged for the people of this county a program of great worth. The interests and the tastes of all have been taken into account, and the program is one which will not only entertain but also add its contribution to the forward spirit of this city and county. The benefit of the chautauqua is greater than that which comes from the mere program. Speakers come and go, many of them say things worth while. The musical attractions presented from year to year are of high class. There are various other good features on these chautauqua programs, but possibly the greatest good comes from the assembling and the mingling of the people. It results in an interchange of ideas, and gives emphasis to the fact sometimes overlooked that the best things today are to be accomplished by working together. The chautauqua helps prove that there is no line of demarcation between the city and the county. That their interess are in common, and whaever can be done for Morgan county will be helpful to all.

Arranging for chautauqua and bearing the burden of the management means a lot of work and worry. The men and women who meet these conditions so cheerfully and efficiently each year, without pay deserve the thanks of the public.

TOIL OR TURMOIL.

I hope, in our campaigning, we won't disturb the map; too often we are straining to open up a scrap; too often, in the clangor of windsmith and haranguer, and t'other wild slapbanger, we swat the other chap. Too oft we quit our labors, neglect our growing beans, to wrangle with the neighbors over what this campaign means; and it were better, saner, to be a strict abstainer from tricks of the campaigner, and raise a lot of greens. The winter's drawing closer, the summer's almost spent, and wind won't pay the grocer, and talk won't pay the rent; and when the wolf is yelling before your humble dwelling, all kinds of want foretelling, your lost hours you'll lament. I hear the statesmen bellow, I see them paw the soil, but I'm the puppet follow who sticks to useful toil; and when the snow is falling, and stormy winds are brawling, and kids for grub are calling, I'll have a cow to boil. I'm working in the garding. I'm earning useful rocks; perhaps I'll vote for Harding, perhaps I'll vote for Cox; but while the spuds are growing each day will see me hoeing, not idly to-and-froing to hand out roasts or knocks.

DO NOT BELIEVE VASEY A SUICIDE

Certain Facts in Connection with Sad Occurrence Point to Murder.

The tragic death of Gordon Vasey last week brought sadness to a great many people. The lad had attended school in Jacksonville and many people here were familiar with his happy and joyous spirit, so the reports that his death came with crushing force.

After a brief consideration of the case the jury returned a verdict indicating that the young man took his own life. Since that time, however, some facts have come to light which make the relatives and close friends of the deceased feel confident that his death came as the result of an attack and that his was not a case of suicide.

Two shots, instead of one as at first reported, were fired into his body. One just over the heart and the other in the right temple. Either would have been fatal, and it would not have been possible for the lad to have fired the temple shot, according to the statement of physicians who examined the remains. There were no evidences of powder stains near either wound, and such stains would naturally have been found if the shots had been fired at close range.

It will be remembered that the parents and other members of the family had gone on a fishing trip leaving the lad at home, as he had indicated that he did not care to spend the day at the river. When they returned home, about three o'clock in the afternoon, the dead body of the young man was found on the floor in an upstairs room. The body was perfectly composed. The muscles had not contracted and it does not seem possible that the deceased could have fired the two shots and then been found as he was when the members of his family entered the house.

The theory now is that the lad heard some one prowling about in the rooms above him and when he investigated was shot by the intruder. Those who count this theory as plausible believe that the the intruder then composed the body of the lad and placed the revolver in position to indicate that he was self slain.

Before leaving for the fishing trip the mother asked her son to translate a letter from a French orphan and this he had done save for the last sentence. It is possible that he was interrupted before the task was completed.

Certain it is that Gordon Vasey had never shown any signs of a morbid disposition and in fact was always cheerful. The day of his death he seemed especially cheerful and it is for this reason members of the family cannot believe that he took his own life.

Susan B. Anthony needs no monument of stone or tablet of bronze to perpetuatte her memory. The 19th amendment to the constitution of the United Sates, giving equal suffrage rights to women, is a memorial which will outlast mere bronze or granite.

IT's DIFFERENT HERE

Jacksonville people can now sympathize with residents of Bloomington and Normal. The mayors of those two cities have issued proclamations requiring residents to curtail the use of water for lawn sprinkling and for use on the streets. The time was when such a public notice was printed annually in the papers of Jacksonville. But thanks to the co-operative spirit of the people which made Lake Mauvisterre a possibility, those evil days are wholly in the past.

Franklin D. Roosevelt told an audience in Montana the other day that President Wilson put it over on Lloyd George at the peace conference and that according to the league program the United States would really have more votes than England, although the surface indications are otherwise. Think it over! Can you get a mental picture of Mr. Wilson putting over anything on the canny English premier?

WHO PAYS?

From various sources one learns that the increases in railroad rates should have no perceptible bearing upon living costs. The same theory is expounded with reference to the express company increases. But just how the public is to pay these additional millions without being conscious of the fact no one has yet explained.

It is a basic principle of business that the cost of production and of doing business is passed to the consumer: and that is just what will happen with the railroad and express increases. On some necessities the increase may be so small that it will not attract attention, but with other entirely different story.

WHAT WILL WOMEN DO?

Now that 27,000,000 women in the United States have a right to take part in the elecions the results will be more than ever in doubt. Neither Republicans or Democrats are in position to say with confidence that they are going to reap the benefit from the enfranchisement of women. It used to be the theory that women would vote just the same way as the men folks of their households. That is true in a measure only, and today it is a matter of common knowledge that there are a great many women in the country who do their own thinking, and when election day comes they will cast ballots for the candidates they prefer without special reference to the views of their male relatives.

The equal suffrage movement gained a great impetus during the war period when the women of the country with such signal patriotis and loyalty gave evidence of their willingness to share fully in the work and burden of the war.

They did so much for the soldiers at the front, and took such an important part in the activies at home that men could not fail to be impressed with the idea that if women really want to vote that the right under the constitution should be theirs.

SUFFRAGE AND RESPONSIBILITY

It will not be amiss for women as they take pride in the thought that equal suffrage rights are theirs to keep in mind also that suffrage privilieges also carry responsibilities. From this time forth, if inefficient or unworthy people are elected to office, if there is corruption in governmental affairs, they must share in the blame.

It will be the duty of those who have had the advantage of training and education to take such steps as will make certain that their less fortunate sisters by some means have the opportunity of learning the facts about government needs and public affairs.

THE CHAUTAUQUA'S CONTRIBUTION TO THE COMMUNITY

The ninth assembly of the Jacksonville chautauqua opens today. A glance at the program will give proof that the directors have arranged for the people of this county a program of great worth. The interests and the tastes of all have been taken into account, and the program is one which will not only entertain but also add its contribution to the forward spirit of this city and county. The benefit of the chautauqua is greater than that which comes from the mere program. Speakers come and go, many of them say things worth while. The musical attractions presented from year to year are of high class. There are various other good features on these chautauqua programs, but possibly the greatest good comes from the assembling and the mingling of the people. It results in an interchange of ideas, and gives emphasis to the fact sometimes overlooked that the best things today are to be accomplished by working together. The chautauqua helps prove that there is no line of demarcation between the city and the county. That their interess are in common, and whaever can be done for Morgan county will be helpful to all.

Arranging for chautauqua and bearing the burden of the management means a lot of work and worry. The men and women who meet these conditions so cheerfully and efficiently each year, without pay deserve the thanks of the public.

RAY CHAPMAN WILL BE BURIED TODAY

Private Services Will Be Held at St. John's Cathedral, Cleveland —Games in Amercan Association Will Stop for Five Minutes This Afternoon.

Cleveland, O., Aug. 19.—Final arrangements for the funeral of Ray Chapman were completed late today. Because of the many requests for seats it was decided to hold the services in St. John's Cathedral. Chapman will be buried here, the services to be private and to consist of solemn high requiem mass at 10 o'clock with the sermon being given by Rev. Dr. William A. Scullen, chancellor of the Cleveland diocese.

Among the pall bearers will be Tris Speaker manager Steve O'Neill and Joe Wood of the Cleveland Indians, and Tom Rafferty a former baseball player. The team will attend in a body.

Twenty thousand, six hundred and twenty three persons donated ten cents each toward the "Flower From a Fan" fund. A floral blanket with 2,063 flowers will be purchased and all the money left over will be turned over to Mayor Fitzgerald's "Ray Chapman Memorial Fund" committee, which plans to erect a bronze tablet at League Park.

Among the scores of telegrams of condolence received today were messages from practically every major league baseball club owner and manager most of whom arranged to send floral tributes.

BUSINESS MAN IS NOW BACK ON FEET

Suffered a Complete Breakdown. But Feels Like a New Man Since Taking Tanlac.

"Nearly all my friends have remarked about my remarkable recovery and I am glad to express my opinion publicly about Tanlac," said John E. Kauffman, proprietor of the Kauffman Planing Mills, of Paris, Ill., while in Terre Haute, Indiana, a few days ago.

"About five years ago I suffered a complete nervous breakdown. My stomach and kidneys got out of order and I had to live on the lightest kind of diet. I fell off in weight so much that my friends hardly recognized me at first sight. Gas would form on my stomach and for hours I felt bloated up, heavy and uncomfortable. My kidneys worried me and I had an agonizing pain across my back. It was impossible for me to sleep much on account of the misery I was in. I tried everything I could get but nothing did me any good.

"A friend advised me to try Tanlac and in two weeks I was eating anything I wanted and I have kept it up ever since and have not been bothered with any kind of stomach trouble. My kidneys are in fine condition and I never feel a pain in my back. I have regained my lost weight and my friends all say I am looking like a different man altogether. I sleep like a log and am able to look after my business better than ever."

Tanlac is sold in Jacksonville by Coover and Shreve and by the leading drug store in every town. —Adv.

SURPASSES OWN CLAIMS OPINION OF MRS. POWELL

"Trutona's Best Medicine I've Ever Taken," Decatur Woman Says.

Decatur, Ill., Aug. 19.—"I want to recommend Trutona as the best medicine I have ever taken, for it is all and more than is claimed for it," says Mrs. M. N. Powell, a well-known Decatur woman who resides at 404 East Division street. Mrs. Powell says further:

"For the past two years, I have experienced poor health. Then after I had the 'flu' about a year ago my condition became worse. Every day I'd suffer spells of weakness, usually in the afternoon, when I'd be forced to lie down. My appetite was very poor, there seemed to be no taste to my food, was so weak and nervous that I didn't rest well at night, and constipation bothered me so much I had ta take laxatives quite frequently.

"I had tried many other medicines, but I've never found anything that gave me so much relief as Trutona. I feel much stronger all over now and I don't suffer the weak spells as before. My appetite is much improved. I enjoy my meals now, and my bowels are nearer normal now than they've been for several years. It certainly is a relief to be able to sleep well at night, and that's what I'm doing these nights. Trutona's the best medicine I've ever taken and I want to recommend it to others."

Trutona's healthful action reaches every portion of the body, and it performs its work faithfully and efficiently. Trutona rebuilds diseased nerves and tissues, creates a healthful appetite and assists in the assimilation and digestion of the food.

Trutona is sold in Jacksonville by Coover & Shreve and by Wyle Drug Co., Franklin, Ill., and Wyle Drug Co., Waverly, Ill.—Adv.

PONZI SAYS HE IS CONTENT TO REMAIN IN JAIL

Held in Bond in the Sum of $25,000 to September Court

CAN MEET ALL OBLIGATIONS IN SIXTY DAYS

BOSTON, Aug. 19. — Charles Ponzi said tonight that he was "content to remain in jail," after being arraigned in federal court on a charge of using the mails to defraud. He was examined and was held in $25,000 for the September session of the court.

The crowds gathered around Ponzi in an effort to grasp his hand and he smiled in appreciation.

"All that I asked," he said, "is that I be given sixty days in the custody of two guards and I will be able to meet all my obligations. This morning I received $5,500 thru the mails which shows the confidence the public still reposes in me." He added that he had turned the money over to a sheriff.

Ponzi's liabilities as uncovered by the state's attorney general totalled $4,308,874 representing the claims of 10,200 investors plus the 50 per cent interest promised. The attorney general said his investigation showed the liabilities of the Old Colony Foreign Exchange company to be $300,000 with available assets of $15,000.

PONZI SAYS HE IS CONTENT TO REMAIN IN JAIL

Held in Bond in the Sum of $25,000 to September Court

CAN MEET ALL OBLIGATIONS IN SIXTY DAYS

BOSTON, Aug. 19. — Charles Ponzi said tonight that he was "content to remain in jail," after being arraigned in federal court on a charge of using the mails to defraud. He was examined and was held in $25,000 for the September session of the court.

The crowds gathered around Ponzi in an effort to grasp his hand and he smiled in appreciation.

"All that I asked," he said, "is that I be given sixty days in the custody of two guards and I will be able to meet all my obligations. This morning I received $5,500 thru the mails which shows the confidence the public still reposes in me." He added that he had turned the money over to a sheriff.

Ponzi's liabilities as uncovered by the state's attorney general totalled $4,308,874 representing the claims of 10,200 investors plus the 50 per cent interest promised. The attorney general said his investigation showed the liabilities of the Old Colony Foreign Exchange company to be $300,000 with available assets of $15,000.

WINCHESTER ODD FELLOWS PICNIC

Members of Pioneer Lodge and Their Families Held Annual Picnic At Nichols Park—Feasting, Dancing and Other Pleasures Occupied Time.

Never in its history has Nichols park witnessed more pleasure seeking and merriment at one time than yesterday when first came the good people of the Christian church Sunday school of Winchester, a notice of which appears in another column. Then came the Odd Fellows, their wives and families and they were a splendid lot of people to be sure.

Historical

Pioneer Lodge, No. I. O. O. F., Winchester, Ill., was instituted in 1850 by brave and worthy men who believed in the noble principles represented by the three links, Friendship, Love and Tuth, helping the widow and orphan, the destitute and needy brother and all within its pale who need the assistance of a true brother. For seventy years the lodge has pursued the even tenor of its way scattering good deeds in every direction and making itself felt as a force for good in the community.

The lodge began in an humble manner, with lowly surroundings and plain furnishings but by adhering to the principles of the order it has attained fine proportions, has a splendid hall with banquet room, card room, kitchen and all the appurtenances which a prosperous and well regulated branch of the order should have. It is noted for the sociability of its members and its general character of good fellowship. During the first six months of the year fifty new members were added and it is the intention to have seventy more before the end of 1920. Yesterday witnessed the 70th annual picnic which the lodge has enjoyed and it was enjoyed indeed.

The officers of the lodge are:

D. S. Smith, N. G.; David Hainsfurther, V. G.; Carl Miller, F. Sec'y; Dr. Dace, R. Sec'y.

The Trip

Winchester is sixteen miles away but a little thing like that was rather enjoyed than otherwise as it afforded such a delightful ride for the people who numbered something over two hundred and such a two hundred are seldom seen. Surely the cream of little Scott county was poured into Nichols park yesterday. Where there were so many it was impossible to secure the names of all present but it is believed that a complete list of auto owners is appended. The machines were well loaded with men, women and children and never carried more precious burdens. The gentlemen were: O. S. Glossup, Rev. W. R. Johnson, Dr. A. T. Obermeyer of Arcadia, Samuel Smith, Charles Woodall, C. E. McDonald, Oliver Woodall, Otis Hamilton, Henry Pfininger of Alsey, William Wainwright, William McLaughlin, Otto Henry, Lee Cunningham, Hayden Walker, Sweet Brothers, John Ligon, Dr. Webster, R. S. Thompson, Robert Woodall, E. N. Gillham, Ralph Thomas, P. R. Gasen, J. E. Markillie, Glen Peak, George Smith, Dr. Dace, Herbert Shibe, J. B. Davis, J. E. Coultas, Carl McEvers, Fritz Hackell, John Shilling, Albert Coultas, Merle McEvers, Henry Sherwin, A. C. Kriger, Ernest Overton, T. B. Welch, Edward Campbell, Carl Miller, William Penton, Russell McLaughlin, Frank Pfininger, Mrs. Mazie Smith, Dr. J. W. Eckman, James Edmonson and W. B. Clark.

These were the people who transported the merrymakers to and from the park without mishap or untoward incident of any kind as far as heard.

At the Park

As the regular picnic grounds were in use by the chautauqua people, tables and seats were removed by the park superintendent, Joseph H. Hopper, to the border of the lake south of the large pavilion where all possible was done for the welfare of the guests who insisted they could ask nothing more. The boats, the monkeys, the playground and everything pertaining to the park was placed at the disposal of the visitors and they made the most of their time in a very happy manner. There was no regular set program and none was needed, all being at liberty to have the best time possible and they did it. Not a loud or unpleasant word was heard or reported and nothing improper was observed. A finer, more orderly and attractive company of people would be hard to find.

The Tables

Of course the tables were a prime attraction and their contents were truly superb. Both dinner and supper were served cafateria style so that each person secured what was wanted and there was an abundance. Everything good to eat was in abundance while lemonade, coffee and ice cream were extras and all was free as the gospel. Grace was said in a fervent manner by Rev. W. R. Johnson.

The Committees

While all were committees to make the event a success the special ones were:

Executive—J. E. Markillie, J. E. Coultas, William Wainwright, John Shilling and John Ward.

Transportation—Dr. Dace and R. R. Gason.

Refreshments—John Leib and A. J. Ezzard.

The Dance

The large pavilion and piano were placed at the disposal of the visitors and dancing was enojyed both during the day and in the evening after some had gone home. Miss Gloria Hamilton was leader of the orchestra which did admirable work.

Notes

The Journal reporter had the pleasure of meeting a number of long time friends, William Wainwright and others, and made many new friends as well, while that supper to which he was invited will be remembered for many a day.

The good breeding of the guests was most admirably shown when they went to work at the end of the meals and carefully collected all scraps of paper and rubbish generally and burned it.

The park superintendent, J. H. Hopper, lived in Scott county a number of years ago and had the pleasure of greeting a number of former friends and neighbors.

There was one truly touching incident. After the supper was over and the people had gathered in and about the large pavilion, a decrepit old man, ragged and tottering with age, appeared and sitting on the steps ground excruciating music from a dilapidated hand organ. He claimed to be an Odd Fellow, or had been one in his palmy days but he had little to say as he was too weak. Many kindly disposed persons dropped coins into his hat but the president of the park board told him he would have to leave the park by last street car or sooner and promised him bed and breakfast if he called at the Journal office.

At last when he thought he had secured all the nickels generous patrons saw fit to dispose of, he rose to go and quickly removing his disguise he showed the familiar features of Dr. Dace and there was a lot of fun as a consequence.

Friends, one and all and many more, come again.

Mrs. Fritz Haskell, formerly Miss Anna English, was one of those present and was greeted by many Jacksonville friends.

POSTAL ORDER RATES HAVE BEEN CHANGED

International Money Orders Now Offered By Post Masters on New Scale.

The United States is notifying postmasters thruout the country to sell international money orders under a new scale. This change has been made on accounts of the present depreciation of foreign currency.

The money of eight countries is much cheaper under the new scale. For instance, the francs of Belgium, France and Italy are available at half their former values. For $10 one can now purchase 103 francs. Formerly only 51 francs and 50 centimes could be purchased for $10. The English pound sterling ,formerly $4.87 for $5, is now an even $4.

Five dollars will now purchase twenty-five Norwegian and Danish kroners, where formerly only 18 kroner and 49 ore could be obtained for this amount.

Money order departments say the change will cause an enormous increase in the volume of foreign money orders.

Switzerland is the only country where the exchange rates have not changed. Our dollar is worth just the same there as it was before the war. Under the present rates an American dollar is worth:

$1 equals 10.30 francs in France, Belgium and Italy.

$1 equals 5.15 francs in Switzerland.

$1 equals 5 krona in Denmark and Norway.

$1 equals 4.17 krona in Sweden.

$1 equals 2.63 florin in Netherlands.

$1 equals 5 shillings in England.

No international money order business is done with Russia, Poland or Germany.

REGARDING CHINCH BUGS

Walter Bedingfield, an experienced and intelligent farmer of this county, says it has been his experience and that of others whom he knows that when chinch bugs are bad one year they are not likely to visit the same place the year following. He says if he felt a fear of the pest from year to year he would raise mostly wheat which would be out of the way before they could do much damage.

VETERANS OF FOREIGN WARS

Will Have Tent at Chautauqua—All Ex-Service Men Invited to Make it Their Headquarters.

The Veterans of Foreign Wars of Morgan county wish to extend a cordial invitation to all ex-service men in this and surrounding counties to make their tent at Jacksonville chautauqua their headquarters while on the ground. Leave your parcels there, meet your comrades and old soldier friends there.

Victory medal blanks can be had for the asking and if you have any troubles whatever regarding your army life, insurance, back pay, etc., bring it here and the Veterans of Foreign Wars in conjunction with the Red Cross will give you the desired service and results.

The Veterans are sure showing a fine spirit of comradeship and Morgan county men who are eligible to membership should join during the chautauqua as their charter closes Sept. 1, 1920. The G. A. R. veterans will be the guests of the boys during the chautauqua.

REGARDING CHINCH BUGS

Walter Bedingfield, an experienced and intelligent farmer of this county, says it has been his experience and that of others whom he knows that when chinch bugs are bad one year they are not likely to visit the same place the year following. He says if he felt a fear of the pest from year to year he would raise mostly wheat which would be out of the way before they could do much damage.

CHAUTAUQUA AT MURRAYVILLE

Murrayville, Aug. 19.—The annual Murrayville chautauqua opened here Wednesday in the park and will run thru Saturday. The attendance is most satisactory and the attractions are first class.

L. B. Browning of Wegener was a city arrival yesterday.

The World's Best Prevention for Disease is a

TOOTH BRUSH

All through life health is effected by the condition of the teeth. Even the baby when cutting the teeth has a dozen different indications of as many different different ailments. Keep the teeth clean, the mouth healthy and the throat clean and disease cannot enter your system. There is more value in a good tooth brush used daily than in anything else. We sell tooth brushes of every class and character and size. They are good brushes. They are clean brushes and well worthy of purchase.

Great Railroads Depend on the Battery with Dreadnaught Plates

WITH THE TRADE MARK Dreadnaught PLATES

Better Have One in Your Car

Get the same reliable service from your starting battery that great railroads get in their signal operation—by using the battery with Dreadnaught Plates.

The life and service of a battery depends primarily on its plates. And the Dreadnaught Plates of the Gould Storage Battery have quality built into them.

To get a more uniform quality of active material than the commercial market yields, the lead oxide for Dreadnaught Plates is Gould made—an exclusive feature of this battery. Long and sturdy service comes from these high-capacity hard plates.

When you need to replace your present battery, base your choice on plates—Dreadnaught Plates—and get a Gould. We have a Gould Storage Battery designed for your car.

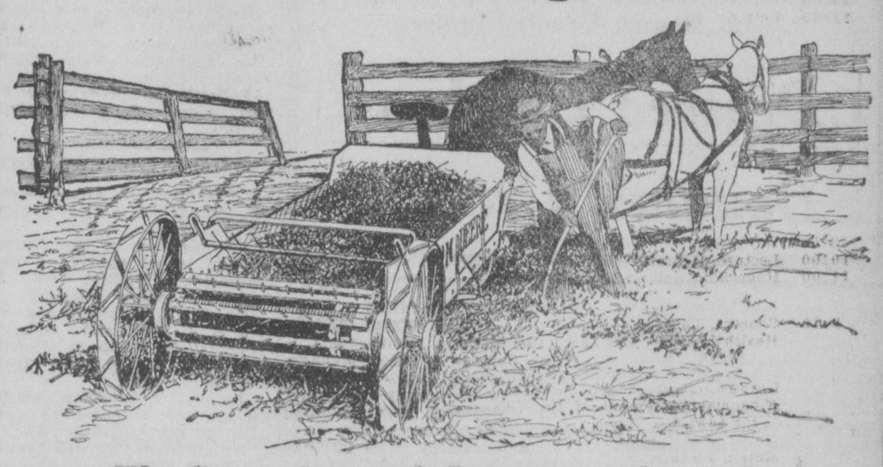
John Deere Spreader!



The Spreader with Beater on the Axle
No Clutches No Chains No Dags to Trouble

The John Deere is a spreader of few parts—a low-down spreader that is light draft, convenient and durable—a machine that will give good results in all kinds of spreading to be done on a farm.

Loose beater teeth are unknown on the John Deere Spreader. The steel teeth are fastened in bars of high-carbon steel. Each tooth is securely held by a shoulder on the outside of the bar, and and a head on the inside.

Load carried on all four wheels. Beater delivers manure near the ground. Built to stand up and do its work well. The straw spreading attachment makes the John Deere Spreader a two-in-one machine.

RETURNS FROM OLD MISSION

President C. H. Rammelkamp returned yesterday from Old Mission, Mich., where he has been spending the summer months with his family. Mrs. Rammelkamp and the children will stay for a while yet.

PASSENGER BUSINESS IS VERY HEAVY

(Bloomington Pantagraph.)

The Chicago & Alton management yesterday took steps to take care of the expanding passenger traffic which has been reaching record-breaking proportions since the announcement of an increase in rates the latter part of the month. It was decided yesterday to operate trains 6 and 7 in two sections between Chicago and Springfield effective with next Sunday August 22. The second section of No. 7 will leave Chicago on the block of the first section and will stop at Joliet, Dwight, Chenoa, Bloomington, Atlanta, Lincoln and Springfield. It will carry the express for Springfield; one combination baggage and smoker; one coach; two postal cars and two Pullman sleepers for Springfield. This train will reach Bloomington about 3:45 a. m., the exact schedule to be announced later. By relieving the regular No. 7 of much of this business the first section will become a "no stop" train again and will not carry passengers for Bloomington or Springfield only those for St. Louis and points beyond. First No. 7 will thus be reduced to twelve cars and will be enabled to operate on time, impossible under the present condition. The second No. 6 will leave Springfield on the block of first 6 and will cary the same equipment back to Chicago as brought down on second 7. Second 6 will reach Bloomington about 2:30 a. m., and thus relieve first No. 6 of much of the express and mail now handled, enabling that train to keep on the schedule.

The leader of the meeting was Mrs. John Joaquin and Mrs. Effie Martin had charge of the Foreign Missionary topic, Mrs. Gus Vieira had charge of devotions and Mrs. Sophia Day had charge of the Home Missionary topic.

Service Star Legion Entertanied by Mrs. Cowgur.

The Service Star Legion met yesterday afternoon at the home of Mrs. D. Houston Cowgur, 619 East State street, in the last meeting before the annual meeting of the National association, which will be held September 14 to 17 in Des Moines, Iowa. Mrs. J. R. Reynolds who is the state treasurer of the association will be one of the delegates by virtue of her office and two others will be sent by the local post but they have not yet been elected.

The program committee had arranged an attractive program and the afternoon was pleasantly spent. Mrs. H. C. Woltman sang a group of songs, accompanied by Miss Lonergan. Miss Petefish gave a reading.

Following the program the hostess served delightful refreshments.

WINCHESTER NEWS NOTES

Winchester, Ill., Aug. 19.—Hardin McLaughlin is ill at his home on High street.

The members of the Christian Sunday school enjoyed a picnic Thursday at Nichols park. The event was largely attended.

Dr. H. H. Fletcher and wife, and E. J. Frost and wife left Thursday for northern Minnesota where they will enjoy a vacation and fishing trip.

Judge J. A. McKean and family are now enjoying their new home on South Main street.

Dr. William Wainwright and family of Alton are visiting relatives here.

Earl Minor arrived Wednesday night from Plainview, Texas, to visit his father and sister and a brother, Clement, who is here from the east.

Dan T. Smith, wife and daughter, Mrs. Sybil Fox, are at their new cottage on the Illinois river this week.

A large number of Odd Fellows and their families enjoyed a picnic at Nichols park Thursday. (A more extended notice appears in another part of this paper.)

A FARM OPPORTUNITY

I have decided to move to Jacksonville and for this reason offer for sale my farm of 181 acres, located six miles northwest of city, if sale is effected soon. This is a splendid stock and grain farm with excellent improvements, including large house, extra large barn, silo, scales, wind mill, cattle sheds, tool sheds, etc. Satisfactory terms can be arranged. If interested see my son F. J. Blackburn at Blackburn-Houston elevator.

EDMUND BLACKBURN.

HOME FROM HOSPITAL.

Mrs. James Cridland returned yesterday to her home from Passavant hospital much improved in health. Mrs. Clark Cridland is now here from Chicago on a brief visit and will be joined Saturday by Mr. Cridland, who is coming for the week-end.

ALL IN READINESS FOR CHAUTAUQUA

Grounds Presented Busy Scene Yesterday — More Campers Than Ever—Everything Will Be Complete for Opening Today.

Everything seems to be running with unusual smoothness more like the daily taking and setting up of a circus outfit where all are so well versed in their several parts that they know just what to do and how and when to do it.

It has been deemed best not to have an exhibition tent thns year in which dealers may show their products and advertise their business. Such an affair could not have been filled but the management thought best not to have it on the grounds.

The playground apparatus is in good shape and already the little folks are congregating there and making good use of the various means of enjoyment.

Mullenix & Hamilton will be ready, as usual, to care for the thirsty and all who want refreshments in their line.

Several unsightly, useless old boats have been removed which is a good thing. The nicely painted boats now on the lake are much patronized.

The swimming pool is dotted every day with the heads of swimmers enjoying a plunge into the depths of the lake.

There is a larger array of tents than ever and many times the suggestion was made that it caused one to think of the first of May in a large city when many found it cheaper to move than to pay rent.

A large load of watermelons was being deposited by the refreshment pavilion yesterday morning. They came from beyond Arenzville and were very fine as the writer will attest as he was counted in on a treat G. A. Seiber gave his men before noon.

The ladies in charge of the eating pavilion have a fine suite of tents right by the place of business and can retire and lie down when business will permit.

Near by it is a place for Boy Scouts who are to be in evidence during the time of the entertainment.

A wilderness of wire is about and by the time this appears it will be put in place for the lighting.

Rev. M. L. Pontius, welcome everywhere, was about yesterday morning giving valuable advice and assistance in various directions. He wound up by taking his car and going for a load of ice for the refreshment tent. He believes that "faith without works is dead being alone."

The chairs in the large tent are brand new and look very fine.

The people offer many compliments on the beautiful surface of the lake which is clear and inviting.

The arrangements for the movies and screen pictures are going ahead and will be in shape in due season.

The program for today is:

Afternoon.

2:15 Grand Concert, The Bohemian Orchestra.
Lecture, Senator W. S. Kenyon.

Evening.

7:30 Concert, Mrs. Helen Brown Read.
Lecture and Clay Modeling J. Smith Damron.
Concert, The Boemian Orchestra.
Motion Picture.

The mammoth auto inn on East Court street will be managed by George Peck, so well known in the city.

Deaths

Stockton.

Joseph Stockton age 70 died last evening at 8:30 o'clock at the family residence in Virginia. The funeral services will be held Saturday in the Christian church at Virginia, at 8:30 o'clock, Rev. C. E. French will officiate.

Deceased was born June 3, 1850 on the old Stockton farm near Oak Ridge church. His parents were Allan and Riziah Stockton. He has lived all his life in the home community and leaves to survive him his widow and two daughters, Mrs. Clara Baker of Yatesville and Mrs. Mabel Trussell of Benedict, Nebr.

Smith.

Mrs. Eliza Smith died at her home in Chapin at 11 o'clock Thursday morning.

Deceased was the daughter of Jonathan and Elinon Taylor and was born in the Bethel neighborhood, January 23, 1832, being at the time of death, 88 years, 6 months and 26 days old.

December 26, 1852 she was united in marriage to Henry Smith. Several years afterward they moved to Scott county where they resided for many years.

Mr. Smith preceded her in death in 1876. In 1887 Mrs. Smith moved to Chapin where she has since made her home.

Four children survive, Miss Elizabeth Smith ,of Spokane, Washn.; T. J. Smith, of Bluffs, Mrs. Jane Hamilton ,of Carthage, Ill.; Dr. Lucien Smith, of Chapin. She had made her home with her son during all the years of her residence in Chapin and he has given her every care love could devise. One son George died in Spokane in 1896.

Funeral services will be held from the family home in Chapin Saturday morning at 10 o'clock in charge of the Rev. C. G. Cantrell. Burial will be in Bluffs cemetery.

LARGE CROWDS AT MEREDOSIA HOME-COMING

The Meredosia Home-Coming is under full swing today. Yesterday was the first day and every thing started off in the best of styie. The Plymouth Boys band was present and made the town lively with their music. The merchants of the town staged a parade, and there were also some acrobatic stunts.

A hydro-airplane from Peoria arrived during the afternoon and made exhibition flights on the water and in the air.

Today will be a big day and Saturday will doubtless draw a large crowd from the surrounding county. On that day Honorable Henry T. Rainey, of Carrollton, will make the main address.

SCOUTS RETURN HOME.

Harry Walker and Troop No. 2 of the Boy Scouts of which he is the scoutmaster returned last evening from Meredosia where they have been spending a week at the Rotary club house.

They have had a great time swimming and fishing and learning the scout craft in the open and come home well tanned and in the best of spirits.

ENDS VISIT HERE.

Bryan W. Coons of Toledo, Ohio returned yesterday after a brief visit in Jacksonville at the home of his father, John M. Coons, of North Main street. Mr. Coons is in the employ of the Willys-Knight Automobile Company in Toledo.

LT. GOV. OGLESBY TO COME WEDNESDAY

The itinerary of Lt. Gov. Oglesby for the week from August 23 to Sept 1 has been issued. The candidate and members of his party will arrive in Jacksonville Wednesday, Aug. 25, at 10:20 a. m., and will spend one hour here. From Jacksonville the train will take them to Winchester, thence to Roodhouse, White Hall, Carrollton, Jerseyville and Carlinville. The night meeting will be held in the last mentioned city.

Miss Helen Wyle, deputy in the office of the circuit clerk, has returned from a visit to the Piasa Chautauqua.

RETURN TO CHICAGO

Mr. and Mrs. Fred Williams and two children who have been visiting at the home of T. S. Martin on Morton avenue, returned to their home in Chicago Heights yesterday.

ALL IN READINESS FOR CHAUTAUQUA

Grounds Presented Busy Scene Yesterday — More Campers Than Ever—Everything Will Be Complete for Opening Today.

Everything seems to be running with unusual smoothness more like the daily taking and setting up of a circus outfit where all are so well versed in their several parts that they know just what to do and how and when to do it.

It has been deemed best not to have an exhibition tent thns year in which dealers may show their products and advertise their business. Such an affair could not have been filled but the management thought best not to have it on the grounds.

The playground apparatus is in good shape and already the little folks are congregating there and making good use of the various means of enjoyment.

Mullenix & Hamilton will be ready, as usual, to care for the thirsty and all who want refreshments in their line.

Several unsightly, useless old boats have been removed which is a good thing. The nicely painted boats now on the lake are much patronized.

The swimming pool is dotted every day with the heads of swimmers enjoying a plunge into the depths of the lake.

There is a larger array of tents than ever and many times the suggestion was made that it caused one to think of the first of May in a large city when many found it cheaper to move than to pay rent.

A large load of watermelons was being deposited by the refreshment pavilion yesterday morning. They came from beyond Arenzville and were very fine as the writer will attest as he was counted in on a treat G. A. Seiber gave his men before noon.

The ladies in charge of the eating pavilion have a fine suite of tents right by the place of business and can retire and lie down when business will permit.

Near by it is a place for Boy Scouts who are to be in evidence during the time of the entertainment.

A wilderness of wire is about and by the time this appears it will be put in place for the lighting.

Rev. M. L. Pontius, welcome everywhere, was about yesterday morning giving valuable advice and assistance in various directions. He wound up by taking his car and going for a load of ice for the refreshment tent. He believes that "faith without works is dead being alone."

The chairs in the large tent are brand new and look very fine.

The people offer many compliments on the beautiful surface of the lake which is clear and inviting.

The arrangements for the movies and screen pictures are going ahead and will be in shape in due season.

The program for today is:

Afternoon.

2:15 Grand Concert, The Bohemian Orchestra.
Lecture, Senator W. S. Kenyon.

Evening.

7:30 Concert, Mrs. Helen Brown Read.
Lecture and Clay Modeling J. Smith Damron.
Concert, The Boemian Orchestra.

Deaths

Stockton.

Joseph Stockton age 70 died last evening at 8:30 o'clock at the family residence in Virginia. The funeral services will be held Saturday in the Christian church at Virginia, at 8:30 o'clock, Rev. C. E. French will officiate.

Deceased was born June 3, 1850 on the old Stockton farm near Oak Ridge church. His parents were Allan and Riziah Stockton. He has lived all his life in the home community and leaves to survive him his widow and two daughters, Mrs. Clara Baker of Yatesville and Mrs. Mabel Trussell of Benedict, Nebr.

Smith.

Mrs. Eliza Smith died at her home in Chapin at 11 o'clock Thursday morning.

Deceased was the daughter of Jonathan and Elinon Taylor and was born in the Bethel neighborhood, January 23, 1832, being at the time of death, 88 years, 6 months and 26 days old.

December 26, 1852 she was united in marriage to Henry Smith. Several years afterward they moved to Scott county where they resided for many years.

Mr. Smith preceded her in death in 1876. In 1887 Mrs. Smith moved to Chapin where she has since made her home.

Four children survive, Miss Elizabeth Smith ,of Spokane, Washn.; T. J. Smith, of Bluffs, Mrs. Jane Hamilton ,of Carthage, Ill.; Dr. Lucien Smith, of Chapin. She had made her home with her son during all the years of her residence in Chapin and he has given her every care love could devise. One son George died in Spokane in 1896.

Funeral services will be held from the family home in Chapin Saturday morning at 10 o'clock in charge of the Rev. C. G. Cantrell. Burial will be in Bluffs cemetery.

LARGE CROWDS AT MEREDOSIA HOME-COMING

The Meredosia Home-Coming is under full swing today. Yesterday was the first day and every thing started off in the best of styie. The Plymouth Boys band was present and made the town lively with their music. The merchants of the town staged a parade, and there were also some acrobatic stunts.

A hydro-airplane from Peoria arrived during the afternoon and made exhibition flights on the water and in the air.

Today will be a big day and Saturday will doubtless draw a large crowd from the surrounding county. On that day Honorable Henry T. Rainey, of Carrollton, will make the main address.

SCOUTS RETURN HOME.

Harry Walker and Troop No. 2 of the Boy Scouts of which he is the scoutmaster returned last evening from Meredosia where they have been spending a week at the Rotary club house.

They have had a great time swimming and fishing and learning the scout craft in the open and come home well tanned and in the best of spirits.

NUMEROUS INFANTICIDE CASES CAUSE CONCERN

Tokio. — So many cases of infanticide have been recorded in Chiba prefecture that the authorities have been greatly disturbed. This year being the Monkey year in the Japanese calendar, an old superstition makes the mother believe that children born in that year will meet with misfortune. Special orders have been issued by the police that all prospective mothers should be registered and watched and that the "monkey" superstition should be eradicated, whenever possible.

TO PUBLISH NATIONAL GEOGRAPHIC MAGAZINE

Chicago. — Publication of a national geographic magazine is being considered by the Geographic society of Chicago. "It proposes to do something which no other organization has attempted to do," according to the announcement, "to-wit, the collection of information for bankers, merchants and manufacturers about the products of the United States and foreign countries and the need which the latter have of the products of the central west and the United States."

Essen, Germany. — Moved by the American example, a number of young men here made an attempt to fight high tailoring prices by organizing a procession clad in blue overalls. Their efforts, however, aroused the ire of the working population who, under the impression that it was "a studied insult to their class," made a rush for the paraders. A free fight ensued and some of the cheap tailoring propagandists were badly injured.

PHILADELPHIA MINTS OUTPUT INCREASED

Philadelphia, Aug.—The Philadelphia mint turned out 501,000,000 coins in the last fiscal year.

Raymond T. Baker, director of the United States Mint, gave out the figures after inspecting the institution. New die-cutting machines, electric furnaces and carrying devices have been installed within the last year and efficiency methods have been adopted which greatly increase the output of the mint.

The increase last year was about 25 per cent over 1919. In 1816 a little over a million coins were produced.

Mr. Baker recently returned from San Francisco mint where he is preparing to install improved machinery similar to that in the Philadelphia mint.

"With the recent additions," said Mr. Baker, "The Philadelphia mint is now not only the largest mint in the country but manufactures a larger number of coins than any other mint in the world."

We Buy Furniture
As Well as Sell

We are just as anxious to buy of you as we are to sell you. Remember when you wish to dispose of furniture and want a fair price telephone us, Illinois 215.

Do you realize that many times the things you are in need of simply need need renewing? A rocker should have a new seat; a Davenport needs recovering; dresser should be refinished. We are glad to do this work for you at a price that is less than you would expect. With twenty years' experience in furniture surely we know how.

There has never been a store in Jacksonville handling used furniture as we do. We repair, refinish and in many cases remodel goods. You buy something that is really worth while. Our class of patronage is not cheap. People trade here who want their money's worth and are unwilling to pay the extravagant prices now asked for most new goods.

We offer this week as a special item 9x12 Congoleum rugs at $17.50. 6x9 size at $9.25. Genuine Congoleum rugs are used for dining rooms and bed rooms. They are today the most for the money offered in any floor covering. The broadest guarantee. Your money back or a new rug if you are dissatisfied.

Just because we have no list of bargains this week does not mean that we have none. We haven't the space to tell you this week. You'll have to come and see.

HERO Pipeless Furnace
CUTS DOWN DOCTOR BILLS

Stoves are very unhealthful—they burn up the oxygen in the air; they dry out the air so that the body is open to disease attacks. If volumes of pure-washed-moist air are circulating through the house everyone will be healthier.

Stoves heat some rooms too hot and leave others cold. Delicate people going from one to another catch cold—have the influenza.

PIPELESS HERO FURNACES

SAVE FUEL—heat the house with only one fire. Wash and add moisture to the air.

HEAT THE WHOLE HOUSE—Every room is evenly heated—even the bed rooms. Floors are warm for the children, too.

NO DIRT—NO DUST—Hero Furnaces take all dust—dirt—ashes and coal to the basement where they belong. Save hours of drudgery for your wife.

BURN ANY FUEL—Soft coal—wood—hard coal,—coks, any one will do in the HERO.

You will save enough in coal bills and doctor bills to pay for a Hero Pipeless Furnace in a short time. Installed in one day—no cutting of walls.

NUMEROUS INFANTICIDE CASES CAUSE CONCERN

Tokio. — So many cases of infanticide have been recorded in Chiba prefecture that the authorities have been greatly disturbed. This year being the Monkey year in the Japanese calendar, an old superstition makes the mother believe that children born in that year will meet with misfortune. Special orders have been issued by the police that all prospective mothers should be registered and watched and that the "monkey" superstition should be eradicated, whenever possible.

TO PUBLISH NATIONAL GEOGRAPHIC MAGAZINE

Chicago. — Publication of a national geographic magazine is being considered by the Geographic society of Chicago. "It proposes to do something which no other organization has attempted to do," according to the announcement, "to-wit, the collection of information for bankers, merchants and manufacturers about the products of the United States and foreign countries and the need which the latter have of the products of the central west and the United States."

Essen, Germany. — Moved by the American example, a number of young men here made an attempt to fight high tailoring prices by organizing a procession clad in blue overalls. Their efforts, however, aroused the ire of the working population who, under the impression that it was "a studied insult to their class," made a rush for the paraders. A free fight ensued and some of the cheap tailoring propagandists were badly injured.

PHILADELPHIA MINTS OUTPUT INCREASED

Philadelphia, Aug.—The Philadelphia mint turned out 501,000,000 coins in the last fiscal year.

Raymond T. Baker, director of the United States Mint, gave out the figures after inspecting the institution. New die-cutting machines, electric furnaces and carrying devices have been installed within the last year and efficiency methods have been adopted which greatly increase the output of the mint.

The increase last year was about 25 per cent over 1919. In 1816 a little over a million coins were produced.

Mr. Baker recently returned from San Francisco mint where he is preparing to install improved machinery similar to that in the Philadelphia mint.

"With the recent additions," said Mr. Baker, "The Philadelphia mint is now not only the largest mint in the country but manufactures a larger number of coins than any other mint in the world."

HERO Pipeless Furnace
CUTS DOWN DOCTOR BILLS

Stoves are very unhealthful—they burn up the oxygen in the air; they dry out the air so that the body is open to disease attacks. If volumes of pure-washed-moist air are circulating through the house everyone will be healthier.

Stoves heat some rooms too hot and leave others cold. Delicate people going from one to another catch cold—have the influenza.

PIPELESS HERO FURNACES

SAVE FUEL—heat the house with only one fire. Wash and add moisture to the air.

HEAT THE WHOLE HOUSE—Every room is evenly heated—even the bed rooms. Floors are warm for the children, too.

NO DIRT—NO DUST—Hero Furnaces take all dust—dirt—ashes and coal to the basement where they belong. Save hours of drudgery for your wife.

BURN ANY FUEL—Soft coal—wood—hard coal,—coks, any one will do in the HERO.

You will save enough in coal bills and doctor bills to pay for a Hero Pipeless Furnace in a short time. Installed in one day—no cutting of walls.

When the Worker Loses

The spirit of efficiency permeates the business life of today to such an extent that the very pulse of commerce has experienced a quickening that is noticeable. Yet much of the benefit of efficient business methods is lost through the worker's inefficiency due to physical inefficiency.

A sick worker is a poor workman. He is a loss to himself in wages and a loss to his employer in production. Much sickness is caused not by work or physical unfitness, but rather through the waste of energy caused by faulty nerve action, which so weakens the system that the body becomes an easy victim of ailments and disease.

Big, successful, healthy business men know that to succeed to keep up with the strain and demands of the times, they must be fit. They must conserve every ounce of their energy and power. Many of them have found that they can best do this through

CHIROPRACTIC
THE BETTER WAY To HEALTH

because it corrects the cause of faulty nerve action and permits Nature to bring about the normal distribution of energy. Health and vigor usually follow. Chiropractic (Ki-Ro-Prak-Tic) is drugless. Every one should investigate Chiropractic, because of the greater material benefit to be derived through it.

"Every pair of Blue Buckies is always big, strong and comfortable."
(Signed) WILLIAM CLARK

From nothing a year to prosperity

What a successful farmer has learned about overalls

FIFTEEN years ago a farm hand without a cent to his name — today a prosperous farm owner near Greensboro, N. C.—that's Bill Clark's record.

There's hardly a working day in those fifteen years that Bill Clark hasn't put on overalls. *Almost any time you go to his farm you'll find him in Blue Buckle OverAlls.*

He's found that Blue Buckles stand up under every farm job he's ever given them. And millions of other men, taking in the crops, keeping things going in factories and on railroads—men everywhere who are doing real work—have found just what Bill Clark has about Blue Buckles. Blue Buckles always give them comfort and long wear.

The heaviest, toughest denim cloth goes into every pair. Blue Buckle OverAlls and Coats are big and roomy. They are made so they can't rip. And every detail is given careful attention—has the best there is in union workmanship.

All sizes—Men's, Youths', Children's. Ask your dealer today about Blue Buckles.

BABE RUTH SECURES ANOTHER HOME RUN

Cleveland Made it Two Out of Three From New York—The Game was Slow Despite it Being a Pitchers Battle Between Shawkey and Caldwell.

New York, Aug. 19.—Cleveland made it two out of three by defeating New York today 3 to 2. The game was slow despite the fact that it was a pitching duel between Caldwell and Shawkey. Babe Ruth made his forty-third home run of the season in the fourth inning, hitting the ball over the rigth field stand. The Cleveland players and Lewis, Pipp and Shore of the Yankees went to Cleveland tonight to attend the funeral tomorrow of Ray Chapman.

ENGLISH RUNNERS DEFEAT JOIE W. RAY

It Was the Big Upset of the Day as the Illinois A. C. Man was Expected to Win—Races Pulled Off on a Water Soaked Track.

ANTWERP, Aug. 19.—(By The Associated Prees.)—English runners today dethroned the American star mile runner, Joie W. Ray of the Illinois A. C., in the 1,500 meters race of the Olympic games. It was the second most sensational foot race of the seventh Olympiad being just a little short of the thrills of the running of the 900 meters race Tuesday.

All the track and field competitions today were held in the rain which varied from a drizzle to a downpour and gave the English athletes something of a home-like atmosphere.

They scored two firsts, a second and a sixth place for a point score total of 16, just one less than the Americans, who won one first, two thirds and one fifth for 17 points. Sweden was third in the scoring today taking one second, one fourth and one fifth place for 10 points.

The big upset of the day came in the running by A. G. Hill and P. J. Baker, both Englishmen of Ray off his feet. While a few of the experts and trainers had expected Ray would have difficulty with the high class field a majority of the Americans supposed him to be invincible and wagered on him accordingly. Had the adherents of the Englishmen been more plentiful they could have made what is known in sporting parlance as a "killing" in the betting.

The calibre of the runners was demonstrated by the time of the winner—four minutes 1 4-5 seconds on a slow, rain soaked track. This time was only six seconds more than the world's record.

Ray, who finished in eighth place, was censured by the athletic authorities for his tactics against the classy field. They maintained that instead of trying to est the pace from the start, Ray should have reserved his energy for fast sprint near the end. Whether this would have proved successfully against such men as Hill and Baker is uncertain, but as it was Ray proved unable to pace the field for the first half of the journey and jump it in the second.

At the finish of today's program at the Olympic stadium were as follows:

United Sates, 118.
Finland, 49.
England, 40.
Sweden, 36
France, 13.
South Africa, 7.
Italy, 7.
Canada, 7.
Norway, 3.
New Zealand, 3.
Esthonia, 3
Cecho-Slovakia, 3.
Holland, 2.
Belgium, 1.

The scores for England, Holland and Belgium include respectively three, two and one-point won in the tug-of-war today. The American and Iitalian teams which finished fourth and fifth in this event, were not entitled to any points under the scoring rules.

CARPENTIER WILL BATTLE LEVINSKY

Bout Will be Pulled Off in Brooklyn on October 12 — It Will be for a Fifteen Round Decision.

New York, Aug. 19.—The International Sporting Club today announced the signing of a contract for a fifteen round decision bout between Georges Carpentier, European champion and Battling Levinsky, world's light heavyweight champion, to be held at Ebbetts Field, Brooklyn, October 12.

The agreement which was concluded secretly several days ago, was signed by Jack Curley, boxing promoter acting for Francois DesCamps, manager for Carpentier and Dan Morgan, acting for Levinsky. The amount of the prizes and whether the bout will be take place in the afternoon or at night will be announced later. Officials of the International Sporitng Club said today they were offering the Carpentier-Levinsky fight in preference to a proposed meeting between Jack Dempsey and "Knockout" Bill Brennan who recently signed to fight at some undetermined date. A questionnaire sent to the club membership showed returns favoring the appearance of the Frenchman by five to one. Ebbetts iFeld has a normal seat-Ebbett Field has a normal seat-promoters declared arrangements were being made to seat 30,000.

CHILDREN WELL PLEASED

Mrs. E. A. Olds has received a letter from the mother of the children she entertained from Chicago. There were five in the family and Mrs. Olds had the oldest and youngest. The first night the baby, four years old, shed a few homesick tears but they were the last and at the end of two weeks he was by no means ready to go back. The mother said her children sat up till 1 o'clock in the morning telling about the wonderful trip, the nice ride on the railroad and the dear people who entertained them, and were all anxious to return next year.

The baby seemed to look larger and his mother remarked it whereupon the little fellow replied:

"Sure I am bigger; it rained while I was in Jacksonville and I growed."

Not bad for a four year old, was it?

DIRIGIBLE OF RECORD SIZE IS BEING BUILT

Dirigible R-38, Now Being Constructed for American Navy at Bedford, Eng., About 60 Per Cent Completed.

Washington. — Latest reports received at the navy department are that the dirigible, R-38, now being constructed for the American navy by the Royal Airship Works, at Bedford, Eng., is more than 60 per cent completed and probably will be ready to take the air by the latter part of November.

When the great dirigible, which will surpass in size any airship ever constructed, thrusts her nose out of the hangar at Bedford for the first time there will be a trained-to-the-minute crew aboard to put her through her trial flight. Several training cruises on the British dirigible R-33, offered by the British government for that purpose, already have been made by American naval personnel who will form the R-38's crew and the mammoth airship will be manned by experienced sailors of the air when she sets out on her trans-Atlantic flight, which officials say will be made next April or May.

With a gas volume of 2,724,000 cubic feet, the R.-38 will surpass in size the largest rigid airship yet turned out by the Zeppelin company, the L-71 304,000 cubic feet and the British dirigible R-34, which crossed the Atlantic last year, by 711,000 cubic feet. Her six engines will develop 1950 horsepower, or 130 more than the most powerful Zeppelin craft and drive the great gas bag at an estimated maximum speed of 75 miles an hour.

To accommodate the 694-foot stretch of the R-38, the naval airship hangar at Cape May, N. J., already had been lengthened to 700 feet and also increased in height. The two large hangars now under construction at Lakehurst, N. J., probably will not be completed until July, 1921, or after the R-38's arrival.

THE BIGGEST CHANCE you ever had to equip your cars with the new standard Cord tires, is now—Our prices positively will continue only through Chautauqua week.

MINING EPERTS VISIT COPPER MINING COUNTRY

Houghton, Mich. — Some 600 members of the American Institute of Mining and Metallurgical Engineers will visit the copper country August 23 and 24 for the annual convention of the institute. It will be held in the Lake Superior district this year for the first time since 1895 and for the third time in the history of the institute.

The visitors will make a tour of the mines, mills and smelters in this district and will enjoy a Cornish "pasty" lunch and Cornish wrestling tournament. Three technical sessions will be held at the Michigan College of Mines.

The party will leave Houghton at midnight August 24 on two special trains. One will go to Vulcan on the Menominee range and the other to the Marquette range. The two trains will then meet at Iron Mountain and proceed to Minneapolis, where the business sessions will be held. From Minneapolis the party will visit the Mesaba range and the convention will end at Duluth Saturday, August 28.

A WINCHESTER PICNIC.

About 150 happy pleasure seekers motored from Winchester to Nichols park yesterday bent on having a good time and they fully succeeded. They were the members and friends of the Sunday school of the Christian church at Winchester. Tho they were unable to occupy the regular picnic grounds owing to the presence of the chautauqua they received all possible courtesy by the superintendent of the park, J. H. Hopper and his force and were well cared for north of the pavilion near the lake.

As a matter of course, dinner was a prime feature of the occasion and it was all that could be wished and was fully enjoyed by all present.

Carl Dalbin of Kilbourne was attending to business matters in the city Thursday.

Balfour Pink---the Granite Eternal

When you erect a monument you are erecting something to stand not for a year or two but for years and years—then you must get the best. Balfour Pink has stood this test.

"In the year 1766, near what are now the quarries of the Harris Granite Quarries Company, the home of BALFOUR PINK GRANITE, one Michael Braun built a granite house. Today the house stands intact, the pink granite retaining its true color, and we must marvel even more at the qualities of that granite which have enabled it to withstand the successive seasons of heat and frost without deterioration."

When the Worker Loses

The spirit of efficiency permeates the business life of today to such an extent that the very pulse of commerce has experienced a quickening that is noticeable. Yet much of the benefit of efficient business methods is lost through the worker's inefficiency due to physical inefficiency.

A sick worker is a poor workman. He is a loss to himself in wages and a loss to his employer in production. Much sickness is caused not by work or physical unfitness, but rather through the waste of energy caused by faulty nerve action, which so weakens the system that the body becomes an easy victim of ailments and disease.

Big, successful, healthy business men know that to succeed to keep up with the strain and demands of the times, they must be fit. They must conserve every ounce of their energy and power. Many of them have found that they can best do this through

CHIROPRACTIC
THE BETTER WAY TO HEALTH

because it corrects the cause of faulty nerve action and permits Nature to bring about the normal distribution of energy. Health and vigor usually follow. Chiropractic (Ki-Ro-Prak-Tic) is drugless. Every one should investigate Chiropractic, because of the greater material benefit to be derived through it.

BABE RUTH SECURES ANOTHER HOME RUN

Cleveland Made it Two Out of Three From New York—The Game was Slow Despite it Being a Pitchers Battle Between Shawkey and Caldwell.

New York, Aug. 19.—Cleveland made it two out of three by defeating New York today 3 to 2. The game was slow despite the fact that it was a pitching duel between Caldwell and Shawkey. Babe Ruth made his forty-third home run of the season in the fourth inning, hitting the ball over the rigth field stand. The Cleveland players and Lewis, Pipp and Shore of the Yankees went to Cleveland tonight to attend the funeral tomorrow of Ray Chapman.

ENGLISH RUNNERS DEFEAT JOIE W. RAY

It Was the Big Upset of the Day as the Illinois A. C. Man was Expected to Win—Races Pulled Off on a Water Soaked Track.

ANTWERP, Aug. 19.—(By The Associated Prees.)—English runners today dethroned the American star mile runner, Joie W. Ray of the Illinois A. C., in the 1,500 meters race of the Olympic games. It was the second most sensational foot race of the seventh Olympiad being just a little short of the thrills of the running of the 900 meters race Tuesday.

All the track and field competitions today were held in the rain which varied from a drizzle to a downpour and gave the English athletes something of a home-like atmosphere.

They scored two firsts, a second and a sixth place for a point score total of 16, just one less than the Americans, who won one first, two thirds and one fifth for 17 points. Sweden was third in the scoring today taking one second, one fourth and one fifth place for 10 points.

ARMY AVIATORS HAVE THRILLING EPISODE

Sergeants Who Started Out to Break World's Altitude Record for Parachute Jump Have Unique Experience.

WASHINGTON, Aug. — Army aviators have long since ceased to get many thrills out of routine or even "stunt" flying, it is said, but an exception should be made in the case of two sergeants who recently set out to break the world's altitude record for a parachute jump at McCook Field, Dayton, Ohio, according to an Air Service announcement. The men were Sergeants Strong B. Madan and Ralph Bottreil.

The sergeants, without intimating the nature of their objective, took the air in a Le Pere two-seated plane with Madan as the pilot and Bottreil wearing a standard army parachute of the double pack type. After flying for an hour the plane had reached an altitude of 20,600 feet and Sergeant Bottreil started to climb out of the cockpit to make the jump.

The release ring of his parachute, however, accidentally caught on fusilage of the plane and the parachute opened prematurely, dragging the sergeant out over the tail of the machine. Bottreil's arm struck the rudder of the plane as he went by, tearing some ligaments of his arm and ripping off a sleeve of his fur-lined flying coat. A strap of his harness at the same time caught the rudder and tore it from the plane. The parachute itself was damaged but opened as the sergeant cleared the machine and started his long descent.

Sergeant Bottreil lost considerable blood from his injured arm during the drop, but made a safe landing in a plowed field and received medical attention in time to prevent any serious result from his injury.

Meantime, Sergeant Madan, in a rudderless airplane 20,600 feet in the air, was having troubles of his own. He finally found a position where he could maintain a straight flight by keeping the throttle in a certain position and tilting the plane with the ailerons. In this manner he glided down to within about 8,000 feet of earth where he managed to make a wide turn by juggling his throttle and aileron controls, straight out and made a perfect landing without further damage to his machine.

LITERBERRY NEWS NOTES.

Cards have been received announcing the birth of a baby son to Mr. and Mrs Roscoe Goodpasture at their home on Hill Brook farm in the Grace chapel neighborhood. Mrs. Goodpasture was formerly Miss Cora Rudisill of Arcadia, and is one of the useful members of the Literberry M. E. Society, who extend congratulations. Charles Richard is the name given the little boy and he weighs 7½ pounds.

Mr. and Mrs. F. C. Nickel of Concord neighborhood were in Literberry Monday afternoon on business and made a social call at Sunshine cottage.

The Baptist Aid will serve chicken fry on the evening of September first.

Mrs. J. A. Liter is on the sick list.

ESTIMATES VAST SUMS IS IN "PRIVATE BANKS"

Philadelphia, Aug. 17. — The combined "Lisle Thread National Bank", "The Old Sox Bank" and the "Feather-Bed-Mattress Bank" now holds more than $3,000,000,000 of the country's cash.

This is the estimate of William H. Hutt, acting governor of the Philadelphia federal reserve bank made of the loose cash being carried around in pockets and stowed away in various places. He was addressing an organization of business men.

Even a small proportion of this three billion invested in Liberty bonds would bring them back to par, he pointed out, or if the money was deposited in savings banks it would inject new life into industry.

FRANCE IS SATISFIED WITH EXPORT FIGURES

Paris. — Satisfaction is felt in France at the official statistics just issued of French imports and exports during the first six months of the year.

Exports show an increase of 5,096,000,000 francs, compared with the same period of last year Imports also show an increase, over 2,061 millions, but this increase is almost entirely due to materials for manufacture, which amounted to over 1,845 millions

The excess of imports over exports during the first half of last year was 11,037 millions, while for this year this excess has fallen to 7,849 millions, an improvement welcomed in the financial world as likely to affect French exchange favorably.

SALVATION ARMY TO BE REORGANIZED

New Arrangement Involves Complete Redisposition of Personnel and Redistricting of Entire Country for Administrative Purposes.

NEW YORK. — A far-reaching reorganization of the Salvation Army, designed to put it in a position the better to meet the enlarged demands that are everywhere being made upon it since the war, has just been announced by the executive officials of the boyd here. The new era upon which the Salvationists are entering involves not only a complete redisposition of personnel, but also a redistricting of the entire country for the Army's administrative purposes.

Remaining as head of all the Salvation Army forces in the United States is Commander Evangeline Booth, who has rendered 15 years of service here. She continues as commanding officer of all the Army's forces in the United States and Hawaii, but with enlarged authority delegated to her in recognition of her successful direction of the wartime efforts of the organization both at home and abroad.

For administrative purposes the country has been divided into three territories, an Eastern, Central and Western, with headquarters respectively in New York, Chicago and San Francisco. Col. William Peart, who has long been chief secretary in the United States, will leave New York with a promotion to Commissioner and assume charge of the Army's work in the Central territory. To New York as ranking officer comes Commissioner Thomas Estill who heretofore has directed the Salvationist activities for the entire Western half of the country from Chicago. The commanding officer for the new Western territory will be Colonel Adam Gifford, formerly in charge of the work in New England, whose promotion to the rank of Lieutenant Commissioner will take effect with his assumption of his new post.

Among other important transfers of higher officers are the following:

Colonel William A. McIntyre from New York to Boston in command of the New England province

Colonel Stephen Marshall from Minneapolis to New York in command of the Metropolitan province, including Eastern New York and Northern New Jersey.

Colonel William S. Barker from National Property Secretary at New York to command of the Minneapolis Division.

Lieutenant Colonel Thomas Stanyon from Mid-Western Social Secretary with headquarters at New York to command of the Pittsburgh division.

Lieutenant Colonel Joseph Atkinson from Boston to command of the Atlanta division.

Lieutenant Colonel John W. Cousins from Denver to command of the Seattle division.

Lieutenant Colonel George Davis, formerly head of the Chicago Training College to command of the Denver division.

Brigadier Wesley Baillie from New York to command of the Cleveland division.

Brigadier Herbert Roberts from Kansas City to command of the Cincinnati division.

Brigadier William Andrews from Hartford to command of the Des Moines division.

Brigadier Andrew Crawford from Atlanta to command of the Western Training Colleeg and San Francisco division.

Brigadier William G. Anderson from Albany to command of the Chicago division.

Brigadier Edwy White from Buffalo to command of the Milwaukee division.

Brigadier George Casler from Newark, New Jersey, to command of the Indiaanpolis division.

Brigadier David Dunham from Cincinnati to command of the St. Louis division.

Brigadier Samuel Withers from Cleveland to command of the Detroit division.

Brigadier William Escott from Baltimore to command of the Albany division.

Major Henry D. Bale from Minneapolis to command of the Baltimore division.

Major William Halpin from Philadelphia to command of the Buffalo division.

The list of new appointments was submitted to General Bramwell Booth during his recent visit to this country, and received his approval.

NOTICE

All persons interested in oiling Morton road from the county line to the hard road are requested to meet at Orleans at 8 o'clock Saturday evening, August 21.

CHINESE NEWSPEPER MEN VISIT JAPAN

Tokio. — Japan is receiving the first visit of a party of Chinese newspaper men since feeling between the two nations became strained. With one exception all the members of the party are Canton men. Japan's trade with South China is steadily growing with Canton as the gate for Japanese goods. The party contains a journalist who was prominent in the anti-Japanese boycott in China and the visit is welcomed as a sign of alleged amelioration in the relations between the two countries.

GREENFIELD NORMAL AFTER HOMECOMING

Excellent Week of Entertainment Accident Mars Activities—Old Resident Passes Away.

Greenfield, Aug. 19—Greenfield is settling down to normal again after last week's home coming activities. Everyone has been loud in their praise of the excellent entertainment.

A rather serious accident happened Friday which marred the pleasure for some time. The airplane which had been making daily flights and taking pasengers collided with a tree about noon, while attempting to make a landing and turned turtle almost totally demolishing the machine. The driver, and Camm Stewart of Wrights, a passenger each had a leg broken ,and it was feared Mr. Stewart was hurt internally. He was taken to a Jacksonville hospital for examination which proved his wounds were not serious. A local truck took the airplane to Galesburg, a distance of about 250 miles.

John Engle, a long time sufferer from dropsy and other complications, died at his home in the west part of town Thursday. He is survived by his wife and a number of other relatives. Funeral serices were conducted from the Baptist church Friday afternoon at 1:30 o'clock. The I. O. O. F., lodge had charge of the services at the grave.

Mrs. Jacob Green of Tracy, Minn. ,is here for a visit with her father, Jasper Doyle, who is in poor health. He will his daughter ,Florence, will accompany her home.

The marriage of Miss Bernice Cole and George Rives at Alton last Monday was a great surprise to their parents and many friends here. The bride is the daughter of Mr. and Mrs. George Cole of this city and the groom is the son of Mr. and Mrs. George Rives of near Greenfield. Both young people attended the local high school last winter. They will probably reside at East Alton where Mr. Rives has employment.

The approaching marriage of Miss Mona Craig and Frank Henderson was announced at a miscellaneous rush given at the home of Mrs. Nellie Hawkins Thursday evening. The bride to-be was one of the grade teachers in our school last year.

Mr. Henderson is the son of Mr. and Mrs. A. D. Henderson and served in the navy during the late war.

Clinton Tucker of Carrollton spent the week with his brother, Lurton and Clifford Tucker.

Mrs. A. Liter of Little Indian and Mrs. Lizie Pond of Literberry spent last week with their brother Cyrus Haines and wife.

John Siberman residing on the Kahn farm west of town held a public sale Tuesday preparatory to moving his family to Jacksonville. Floyd Owens will move on the farm which he will vacate.

CLAMMING INDUSTRY PROSPERS THIS YEAR

Clammer's Business in Mississippi Valley Proving Remunerative —Pearls Are Merely Sideline.

(By The Associated Press.)

DIXON, Ill.—Apart from the usual finds of pearls the clamming industry at favorable points in the Mississippi Valley is prospering this year. Pearls are the clammer's sideline. His main concern is digging shells from which buttons are made.

The largest single shipment to date this year from Dixon was three carloads, some 150 tons of shells, which were dug from the bed of the river within a raidus of half a mile. They went to a firm at LaCrosse, Wis. The buyer paid $70 a ton, which is the highest price yet received by the diggers, and the three cars represented $10,000 worth of shells.

Many other clammers have been holding their shells for higher prices. Since this shipment was made shells have gone to $80 a ton.

Along the shores and many of its tributary rivers may be found numerous clammers' outfits which vary somewhat in design although all serve the same purpose. A typical outfit sixteen feet long. Suspended from this are chains with six four-prong hooks on each chain, in all 600 hooks.

One bar at a time is lowered and dragged along the river bed thus catching the partly open clam shell. Muddy water affords the best results, as the clams there open their shells for feeding and can be more easily caught.

Spring and early summer are the best seasons for the work, as the spring freshets disturb the water making it muddy. Later in the season as the water becomes cool the clams bury themselves in the mud. The industry is protected by the game and fish laws, the season opening legally June second and closing December first.

Clams breed in August and are very prolific. The mother weaves a sort of web around herself and young, and when caught on the clamming hooks as many as fifty or seventy five young are often found attached to her, while many others are lost in the catching.

The worker's outfit includes a stove of some sort, the clams being boiled for an hour after they have been brought to shore. This opens the shell and enables the fisherman to remove the clam. One by one he goes thru his catch discarding the meat which can be fed to swine or used for fish bait.

Each shell opened may bring a large reward for many beautiful and valuable pearls have been found in this way. As the clammer runs his thumb along the fleshy muscle of the mollusk he may find big pay for his day's work.

This summer on Rock river near here an eight hundred and fifty dollar pearl was found, also one which brought one hundred and thirty dollars besides many of lesser value. Almost every tint from white to black is discovered, and exquisite pink and lavender being especially beautiful.

Every clam digger has in his cabin a tiny box lined with fluffy cotton. This is his treasure trove and here are horded the findings of the day's catch. The experienced clammer knows the value of a pearl, knows about how much a flaw detracts, and knows the degree of perfection of the jewel. so that when the pearl buyer comes thrur the country the wise old river man is no novice to deal with.

CHINESE NEWSPEPER MEN VISIT JAPAN

Tokio, — Japan is receiving the first visit of a party of Chinese newspaper men since feeling between the two nations became strained. With one exception all the members of the party are Canton men. Japan's trade with South China is steadily growing with Canton as the gate for Japanese goods. The party contains a journalist who was prominent in the anti-Japanese boycott in China and the visit is welcomed as a sign of alleged amelioration in the relations between the two countries.

The superiority of Nu-Bone Corsets is due to their distinct difference from all others—features they have which no other corsets can have. This difference is due to The Patented Nu-Bone Stay which is the only woven wire stay in existence. The machines that weave the three or five strands of finest piano wire into the Nu-Bone Stay are patented, owned and operated by the Nu-Bone Corset Company only. The Stays are used only in Nu-Bone Corsetes. Nu-Bone Corsets are made-to-measure —also kept in stock. Call, write or phone without obligation on your part for information or appointment. Satisfaction guaranteed.

Daily Market Report

GRAINS AND PROVISIONS SUFFERED A SLUMP

CHICAGO, Aug. 19—All grains and provisions suffered a slump here today, corn leading the downward march, altho wheat started out higher. The action of corn, led by the September delivery quickly changed the trend of the markets and all closed near the low point of the day. Wheat was off 1¾c to 2½c with December at $2.37 and March $2.39; corn showed a net loss of⅝c to 4⅝c and oats were ⅝c to 1c below yesterday's finish, while provisions ranged from 22½c to 60c lower.

Altho exporters were said to have bought 560,000 bushels of wheat yesterday there was no fresh export business reported during the day. However, houses with seaboard connections were good buyers of future deliveries.

Corn was under pressure thruout the day and altho there was a slight rally about mid-session, a reaction set in and the market declined sharply closing near the lowest point of the day, with September leading the movement. There was little in the news that was regarded as bullish, highly beneficial rains falling in parts of the corn belt.

STOCK EXCHANGE MORE CHEERFUL

NEW YORK, Aug. 19.—Sentiment among the professional element on the stock exchange today was more cheerful, the market evincing a distinct inclination to throw off its protracted spell of depression.

The better feeling was not, however, accompanied by any pronounced accession of business. Dealings were moderate except at the final hour when prices were highest, but representative shares notably standard rails figured to an unusual extent in the day's operations.

Improvement was popularly attributed to the more encouraging aspects of the eastern European situation. The trend in that quarter however, was largely offset by fresh weakness in foreign exchange.

Failure thus far of the French government to explain the method by which it intends to pay its share of the Anglo-French loan soon to mature here was advanced as the primary reason for the further reversal of exchange. In the money market conditions affecting time and demand loans were not materially altered. Outstanding features of the stock market comprised the motors, oils, steels and equipments, the two first named displaying special strength at the close. Among the few consistently weak stocks were the sugar issues. Total sales amounted to 325,000 shares.

Heaviness of liberty 3½s and several prominent industrial issues, such as United States Rubber and American Smelting contributed to the irregular bond markes. Sales, par value, aggregated $10,150,000.

The superiority of Nu-Bone Corsets is due to their distinct difference from all others—features they have which no other corsets can have. This difference is due to The Patented Nu-Bone Stay which is the only woven wire stay in existence. The machines that weave the three or five strands of finest piano wire into the Nu-Bone Stay are patented, owned and operated by the Nu-Bone Corset Company only. The Stays are used only in Nu-Bone Corsetes. Nu-Bone Corsets are made-to-measure—also kept in stock. Call, write or phone without obligation on your part for information or appointment. Daily Market Report

GRAINS AND PROVISIONS SUFFERED A SLUMP

CHICAGO, Aug. 19—All grains and provisions suffered a slump here today, corn leading the downward march, altho wheat started out higher. The action of corn, led by the September delivery quickly changed the trend of the markets and all closed near the low point of the day. Wheat was off 1¾c to 2½c with December at $2.37 and March $2.39; corn showed a net loss of ⅝c to 4⅜c and oats were ⅝c to 1c below yesterday's finish, while provisions ranged from 22½c to 60c lower.

Altho exporters were said to have bought 560,000 bushels of wheat yesterday there was no fresh export business reported during the day. However, houses with seaboard connections were good buyers of future deliveries.

Corn was under pressure thruout the day and altho there was a slight rally about mid-session, a reaction set in and the market declined sharply closing near the lowest point of the day, with September leading the movement. There was little in the news that was regarded as bullish, highly beneficial rains falling in parts of the corn belt.

STOCK EXCHANGE MORE CHEERFUL

NEW YORK, Aug. 19.—Sentiment among the professional element on the stock exchange today was more cheerful, the market evincing a distinct inclination to throw off its protracted spell of depression.

The better feeling was not, however, accompanied by any pronounced accession of business. Dealings were moderate except at the final hour when prices were highest, but representative shares notably standard rails figured to an unusual extent in the day's operations.

Improvement was popularly attributed to the more encouraging aspects of the eastern European situation. The trend in that quarter however, was largely offset by fresh weakness in foreign exchange.

Failure thus far of the French government to explain the method by which it intends to pay its share of the Anglo-French loan soon to mature here was advanced as the primary reason for the further reversal of exchange. In the money market conditions affecting time and demand loans were not materially altered. Outstanding features of the stock market comprised the motors, oils, steels and equipments, the two first named displaying special strength at the close. Among the few consistently weak stocks were the sugar issues. Total sales amounted to 325,000 shares.

Heaviness of liberty 3½s and several prominent industrial issues, such as United States Rubber and American Smelting contributed to the irregular bond markes. Sales, par value, aggregated $10,150,000.

STATE CORN CROP IS BELOW NORMAL

Bureau of Estimates Gives Interesting Figures on All Crop Conditions—More Improvement in Other States.

Springfield, Ill. — The corn crop in Illinois has fallen twenty-five per cent below normal and promises a yield this year of only 284,871,000 bushels, according to the monthly report of the bureau of crop estimates, Illinois is the only important corn state whose crop did not show marked improvement in July.

Last year's crop amounted to 301,000,000 bushels and the average of the five years, 1914-18 was 347,537,000 bushels.

"With exception of a few small areas, where local showers of some moment occurred the whole corn crop suffered from a condition of drought," the report says. "Spring rains were excessive, causing wet ground and delaying plowing and planting, the crop as a whole being planted on an average of four weeks late. In spite of some hot weather and excessive temperature there have been but few hot nights and the crop is still backward by at least three weeks. It is also very uneven in development even in the same locality. Firing is common in the north and has occurred in all sections. In nearly the whole southern half of the state the crop is infested with chinch bugs which are causing much injury. Grasshoppers are also doing damage in some sections. The crop has fallen some in condition since July 1 and unless general and copious rains come soon it will deteriorate rapidly."

(Since this report was written based on conditions August 1, good rains have fallen throughout the state helping the condition.)

All Crops Below 1919

All grain crops this year will fall below last year's yield, according to the crop estimates of the bureau. The prospective yield of barley is estimated the highest at 88 per cent of normal, and oats at 84 per cent.

The average yield per acre of winter wheat is estimated at 15.2 bushels, promising 29,959,200 for the state as compared with the 57,800,000 of 1919, and the three year average of 40,345,000.

Spring wheat is reported at 79 per cent of normal indicating a crop of 7,410,000 bushels as compared with 7,875,000 in 1919 and the last three years' average of 5,731,667.

Oats, estimated at 84 per cent of normal promise a crop of 144,207,000 bushels as compared with 123,000,000 of 1919 and the last five year's average of 186,214,000.

Rye, yielding an estimated average of 15.6 bushels an acre will give 3,276,000 as compared with 4,125,000 of 1919 and the five year average of 3,651,000.

Barley, estimated at 88 per cent of normal, will give 5,904,330 bushels as compared with 5,724,000 of 1919 and the five year average of 3,859,000.

Apples are reported 53 per cent of normal forecasting an crop of 6,417,240 bushels as compared with the 4,943,000 bushels of 1919.

It is estimated the 4,400 acres have been sown to buckwheat in Illinois, an increase of 10 per cent over last year. A peach crop of 1,252,280 bushels is indicated and 579,000 bushels of pears. Clover for hay has averaged 1.33 tons an acre in Illinois compared with the average of 1.46 tons for the United States.

Conditions of other crops on August 1 in Illinois was reported as follows: White potatoes, 67; sweet potatoes 78; tobacco 80; grain sorghum 80; field peas 80; field beans 82; tomatoes 84; cabbage 80; onions 85; grapes 88; watermelons 80; muckmelons and canteloupes 78; all hay 84; timothy 82; millet 78; alfalfa 89; pastures 69; broom corn 80; buckwheat 80; peaches 63; pears 70; cherries 78.

FREIGHT CAR SURVEY BY ILLINOIS FARMERS

First Survey of Freight Cars by Farmers of State Completed Thru Illinois Agricultural Association.

Chicago, Aug. 16.—The first survey of freight cars ever taken by the farmers of the state has just been completed through the Illinois Agricultural Association, Secretary D. O. Thompson, announced today. On the basis of this census he said Illinois farmers did not believe there was a car shortage. The trouble with transportation he characterized as "immobility," and he declared the farmers meant to find out whose fault it was.

Secretary Thompson said the Association undertook its census after receiving reports from farmers over the state that they saw many cars standing idle on country tracks.

"Members of the association made daily record of the car initials and numbers of all cars at 394 stations located in 40 different counties for seven consecutive days," the state farm bureau executive said. "Of these 394 stations, 146 or 29.5 per cent, reported some of the same cars on tracks the last day of the count as were on the tracks the first day of the count.

"At all stations, 9,294 cars were listed the first day and of these cars, 938 out 9,294 cars had not been moved from the country point for seven consecutive days This is just a little over 10 per cent of the cars at such points.

"No count was made in Chicago. In several other large yards the association enumerators were ejected from the yards by railroad officials.

"In Grundy county nine stations are reported. Four of these showed a complete clearance, whereas the other five showed that a total of 454 cars reported the first day 236 identical cars were still on the seven days later.

"Mine operators say they were forced to idleness many days each week leading to the strike of the miners which recently tied up the mines just when the farmers were needing coal for threshing. At this same time before the strike in Christian county, at Clarksdale and Willeys, two trains of coal totalling 53 cars were reported empty at both first and last days of the count.

"At Bristol, Kendall county, thirty-eight cars were unmoved during the entire week,. At Dakota, Stephenson county, twenty loaded box cars stood on track all of the seven days.

"If we may take the total number of freight cars of the country on December 31, 1918, as a basis for computation, and consider that the perentage of immobility of cars i sas great in Chicago, Toledo, and New York as in the country points like Clarksdale, Fidelity and Low Point, it is very moderate when we say that the total number of new cars which the railroads say they need to meet the transportation requirements of the present moment is not a patch to the total of immobile cars now idling by the weeks and months in terminal yards and on side tracks at country points.

"This new survey shows pretty clearly to the farmers of Illinois the excuse of 'car shortage' is largely camouflage given to cover up some real, deeper reason for the present transportation inefficiency. And to search for that reason will be the next job of the farmers' business organization."

REFUSES PAYMENT OF INCREASED TAXES

London, — Sir W. B. Richmond Royal Academician, will go to jail rather than pay the increased taxes now being charged by the Hammersmith Borough Council. He writes to the local press, "I have refused to comply with this Bolshevist demand of £149 annually on my house and grounds just under two acres. I would rather, at the age of 70 years, go to prison than be a party to such injustice and robbery."

STATE TO OPEN BIDS FOR BRIDGES

Large Amount of Construction Work Will Be Done If Awards are Made at Aug. 25th Letting.

Springfield, Ill. — Bids on 27 miles of grading, five steel bridges and fifteen concrete bridges on five of the main highways in Illinois, will be opened by the state division of highways here August 25, according to announcement.

Nine different jobs for excavation of approximately 200,000 cubic yards on the East Moline-Princeton highway in Henry and Bureau counties are advertised. There also is one mile of excavation on the Monmouth-Galesburg highway in Warren county; a third of a mile on the Kankakee-Dixie highway in Kankakee county; three miles on the Vandalia-Cairo highway in Jackson county; and four miles on the same highway in Fayette county, and approximately two miles on the national highway in Fayette county.

Two steel bridges and nine concrete bridges on the East Moline-Princeton highway in Henry county and two concrete bridges and bridge repairing on the same highway in Bureau county are advertised. Also two steel and three concrete bridges on the Vandalia-Cairo highway in Fayette county; one steel bridge, one steel and concrete, and two concrete bridges on the national highway in Fayette county, and two concrete bridges on the Monmouth-Galesburg highway in Warren county.

Plans and proposals for the work will be available at the state office here, and at the offices of the following district engineers. Henry and Bureau county—H. E. Surman, Dixon, Ill.; Warren county—Z. H. Hunter, Peoria; Kankakee county—J. E. Huber, Ottawa; Fayette county—C. M. Hathaway, Effingham, and Jackson county—L. Schwartz, Carbondale.

FUEL RECORD AT DULUTH

Duluth, Minn. — Estimated receipts of coal at Duluth and Superior docks during July were 715,681 tons bituminous and 239,382 tons anthracite or practically the same amount of bituminous as was brought up the lakes in June and 21,000 tons more anthracite than was handled in that month.

Are the Best Tires too good for the Small Car Owner

EVERYBODY agrees that it is generally desirable for merchandise to be graded.

A good principle that often comes out at the wrong end for the car-owner—the man with the upkeep on his mind—the tire bills to pay.

He feels that tire economy should be a *personal contract with the tire-user.* Not a transaction with his car, whether it be big or small.

Reasoning tires in human terms instead of trade custom has written this policy for the United States Rubber Company—

Build *all tires* to *one standard* and let the tire user choose his own size.

When the oldest and largest rubber manufacturing concern in the world focuses all its resources upon *one* grade, one quality, it makes *one* class—and that is the *whole public.*

This single ideal is visible in any U. S. Tire factory, at any U. S. distributing branch, in any U. S. dealer's store.

Seeing that the tire-user gets his *economy mileage* along with an *unlimited guarantee.*

Policies are harder to make than tires.

Probably the deepest reason why U. S. demand keeps always ahead of the number of tires the U. S. makers can supply.

STATE CORN CROP IS BELOW NORMAL

Bureau of Estimates Gives Interesting Figures on All Crop Conditions—More Improvement in Other States.

Springfield, Ill. — The corn crop in Illinois has fallen twenty-five per cent below normal and promises a yield this year of only 284,871,000 bushels, according to the monthly report of the bureau of crop estimates, Illinois is the only important corn state whose crop did not show marked improvement in July.

Last year's crop amounted to 301,000,000 bushels and the average of the five years, 1914-18 was 347,537,000 bushels.

"With exception of a few small areas, where local showers of some moment occurred the whole corn crop suffered from a condition of drought," the report says. "Spring rains were excessive, causing wet ground and delaying plowing and planting, the crop as a whole being planted on an average of four weeks late. In spite of some hot weather and excessive temperature there have been but few hot nights and the crop is still backward by at least three weeks. It is also very uneven in development even in the same locality. Firing is common in the north and has occurred in all sections. In nearly the whole southern half of the state the crop is infested with chinch bugs which are causing much injury. Grasshoppers are also doing damage in some sections. The crop has fallen some in condition since July 1 and unless general and copious rains come soon it will deteriorate rapidly."

(Since this report was written based on conditions August 1, good rains have fallen throughout the state helping the condition.)

All Crops Below 1919

All grain crops this year will fall below last year's yield, according to the crop estimates of the bureau. The prospective yield of barley is estimated the highest at 88 per cent of normal, and oats at 84 per cent.

The average yield per acre of winter wheat is estimated at 15.2 bushels, promising 29,959,200 for the state as compared with the 57,800,000 of 1919, and the three year average of 40,345,000.

Spring wheat is reported at 79 per cent of normal indicating a crop of 7,410,000 bushels as compared with 7,875,000 in 1919 and the last three years' average of 5,731,667.

Oats, estimated at 84 per cent of normal promise a crop of 144,207,000 bushels as compared with 123,000,000 of 1919 and the last five year's average of 186,214,000.

Rye, yielding an estimated average of 15.6 bushels an acre will give 3,276,000 as compared with 4,125,000 of 1919 and the five year average of 3,651,000.

Barley, estimated at 88 per cent of normal, will give 5,904,330 bushels as compared with 5,724,000 of 1919 and the five year average of 3,859,000.

Apples are reported 53 per cent of normal forecasting an crop of 6,417,240 bushels as compared with the 4,943,000 bushels of 1919.

It is estimated the 4,400 acres have been sown to buckwheat in Illinois, an increase of 10 per cent over last year. A peach crop of 1,252,280 bushels is indicated and 579,000 bushels of pears. Clover for hay has averaged 1.33 tons an acre in Illinois compared with the average of 1.46 tons for the United States.

Conditions of other crops on August 1 in Illinois was reported as follows: White potatoes, 67; sweet potatoes 78; tobacco 80; grain sorghum 80; field peas 80; field beans 82; tomatoes 84; cabbage 80; onions 85; grapes 88; watermelons 80; muckmelons and canteloupes 78; all hay 84; timothy 82; millet 78; alfalfa 89; pastures 69; broom corn 80; buckwheat 80; peaches 63; pears 70; cherries 78.

FREIGHT CAR SURVEY BY ILLINOIS FARMERS

First Survey of Freight Cars by Farmers of State Completed Thru Illinois Agricultural Association.

Chicago, Aug. 16.—The first survey of freight cars ever taken by the farmers of the state has just been completed through the Illinois Agricultural Association, Secretary D. O. Thompson, announced today. On the basis of this census he said Illinois farmers did not believe there was a car shortage. The trouble with transportation he characterized as "immobility," and he declared the farmers meant to find out whose fault it was.

Secretary Thompson said the Association undertook its census after receiving reports from farmers over the state that they saw many cars standing idle on country tracks.

"Members of the association made daily record of the car initials and numbers of all cars at 294 stations located in 40 different counties for seven consecutive days," the state farm bureau executive said. "Of these 294 stations, 146 or 29.5 per cent, reported some of the same cars on tracks the last day of the count as were on the tracks the first day of the count.

"At all stations, 9,294 cars were listed the first day and of these cars, 938 out 9,294 cars had not been moved from the country point for seven consecutive days This is just a little over 10 per cent of the cars at such points.

"No count was made in Chicago. In several other large yards the association enumerators were ejected from the yards by railroad officials.

"In Grundy county nine stations are reported. Four of these showed a complete clearance, whereas the other five showed that a total of 454 cars reported the first day 236 identical cars were still on [illegible] seven days later.

"Mine operators say they were forced to idleness many days each week leading to the strike of the miners which recently tied up the mines just when the farmers were needing coal for threshing. At this same time before the strike in Christian county, at Clarksdale and Willeys, two trains of coal totalling 53 cars were reported empty at both first and last days of the count.

"At Bristol, Kendall county, thirty-eight cars were unmoved during the entire week,. At Dakota, Stephenson county, twenty loaded box cars stood on track all of the seven days.

"If we may take the total number of freight cars of the country on December 31, 1918, as a basis for computation, and consider that the perentage of immobility of cars i sas great in Chicago, Toledo, and New York as in the country points like Clarksdale, Fidelity and Low Point, it is very moderate when we say that the total number of new cars which the railroads say they need to meet the transportation requirements of the present moment is not a patch to the total of immobile cars now idling by the weeks and months in terminal yards and on side tracks at country points.

"This new survey shows pretty clearly to the farmers of Illinois the excuse of 'car shortage' is largely camouflage given to cover up some real, deeper reason for the present transportation inefficiency. And to search for that reason will be the next job of the farmers' business organization."

REFUSES PAYMENT OF INCREASED TAXES

London, — Sir W. B. Richmond Royal Academician, will go to jail rather than pay the increased taxes now being charged by the Hammersmith Borough Council. He writes to the local press, "I have refused to comply with this Bolshevist demand of £149 annually on my house and grounds just under two acres. I would rather, at the age of 70 years, go to prison than be a party to such injustice and robbery."

Are the Best Tires too good for the Small Car Owner

EVERYBODY agrees that it is generally desirable for merchandise to be graded.

A good principle that often comes out at the wrong end for the car-owner—the man with the upkeep on his mind—the tire bills to pay.

He feels that tire economy should be a *personal contract with the tire-user.* Not a transaction with his car, whether it be big or small.

Reasoning tires in human terms instead of trade custom has written this policy for the United States Rubber Company—

Build *all tires* to *one standard* and let the tire user choose his own size.

When the oldest and largest rubber manufacturing concern in the world focuses all its resources upon *one* grade, one quality, it makes *one* class—and that is the *whole public.*

This single ideal is visible in any U. S. Tire factory, at any U. S. distributing branch, in any U. S. dealer's store.

Seeing that the tire-user gets his *economy mileage* along with an *unlimited guarantee.*

Policies are harder to make than tires.

Probably the deepest reason why U. S. demand keeps always ahead of the number of tires the U. S. makers can supply.
